

Trainee programmes for school leavers and graduates

Ready to start your career? EY is the perfect place to start your career and gain an understanding of finance and the world of business. We help some of the largest, most influential businesses worldwide navigate ever-changing markets, and the new technology that's driving them. Upon joining EY, you will begin studying towards a globally recognised professional qualification.

Graduate training programme

If you've finished university, or are about to, our three-year graduate training programme is a great way to apply your knowledge, learn new skills and start a rewarding career.

It doesn't matter what you have studied in the past, as we employ graduates who have studied any subject - our teams thrive on the diverse experience our people bring. As a graduate trainee you will join us in September and choose to study ICAS, ACCA, or if joining our tax team you will have the additional option of ATT as a professional qualification, whilst gaining skills and experience in professional services.

Accelerate training programme

If you've finished school and aren't sure about university, jump straight in to the world of business on our three-year Accelerate training programme. It's specifically designed for school leavers as an alternative to university. You'll join us in September and begin studying ACCA as a professional qualification whilst learning on-the-job and earning a salary from day one. If you join our tax team you will have the additional option of studying ATT.

Which of our service lines are you best suited to?

Once you decide you want to begin your career with us, you will need to choose which service line is most suited to your skills and ambitions. At EY in the Channel Islands you have the options of joining our Assurance, Tax or IT Risk and Assurance (ITRA) teams.

A career in Assurance?

Starting your career in Assurance will provide you with an extremely broad knowledge base and understanding of how businesses work. We work to make sure that businesses are protected from risks that can affect their reputation and performance. As external auditors, we help companies and governments publish accurate financial statements others can rely on.

What will you be doing?

- Getting to know our clients, their businesses and how they work to provide the right service
- Testing checks to confirm balances to ensure they work how they're supposed to
- Analysing the data that goes into a financial statements to make sure it is true and fair

A career in Tax?

Tax affects every aspect of our lives, and laws are always changing. We help local and global organisations from start-ups to influential multinationals manage every element of their business's tax. Our tax professionals apply their research and analytical skills to share their tax knowledge and expertise to provide innovative solutions for our diverse pool of clients.

What will you be doing?

- Building relationships with our clients and global EY tax colleagues
- Developing your understanding of local and international tax laws
- Working directly on tax reporting, compliance and planning alongside senior colleagues

A career in ITRA?

Today's businesses rely so heavily on IT and data that even the smallest mistake or security breach can ruin their reputation or business performance. We help them spot and reduce the risks of this happening.

Being able to see the world differently through Artificial Intelligence and digital innovation provides trainees with exciting opportunities in the future of work. Our Channel Islands team are building bots to improve efficiencies and reduce repetitive, high volume administrative tasks.

What will you be doing?

- Understanding our clients' businesses and testing their IT processes
- Assessing complex projects to spot risks and make recommendations
- Learning about the technology we use to test controls and analyse data
- Analysing data, communicating with clients and presenting your work
- Researching how data analytics, robotics, automation and more are affecting different industries

Start your career at EY

At EY, we help organisations make better decisions about business, finance and technology. In a fast-changing world, it's an exciting place to be. EY is a great place to begin your career. You'll feel at home from the start, and we'll make sure you receive the training, support and guidance you need to carry out impactful work with exciting clients, working with colleagues across the globe.

Our Skills Academy programme is designed for students studying any subject at Level 3 (A-level, IB or equivalent). The week of paid work experience will involve learning about EY and gaining hands on experience of working for our clients. You'll boost your career chances whilst learning what it's like working in a business. Tax and ITRA teams to begin doing the same kind of work as our graduates, working directly with clients. We aim to prepare you for a future in business, and provide you with a powerful sense of what your strengths are and how you can use them to reach your ambitions.

Are you still at school, and not too sure about the idea of university?
Our Skills Academy programme provides you with the opportunity to gain insight into the world of work and a better understanding of where your studies could take you. Our Skills Academy programme is designed for students studying any subject at Level 3 (A-level, IB or equivalent). The future is what we make it

Starting your career in the Channel Islands

GUERNSEY

+44 1481 717400

Royal Chambers, St. Julians Avenue, St. Peter Port, Guernsey, GY1 4AF, Channel Islands

JERSEY

+44 1534 288600

Liberation House, Castle Street, St. Helier, Jersey, JE1 1EY, Channel Islands

Five reasons to choose EY

1. Growth

Our vision 2020+ strategy drives the growth of our business locally and globally providing opportunities for everyone to succeed. Annually, around 40% of our people are typically promoted or progress in their careers in the Channel Islands.

2. People

We invest in our people through continuous learning, coaching and development. We have busy sports and social calendars in both islands with activities for all interests. We also have an active Health and Wellbeing committee that arrange seminars and activities to promote healthy living.

3. Mindset

Our people think globally and bring technological innovation into all that they do. We drive innovation and change to bring solutions to our clients without jurisdictional boundaries. We provide global opportunities to work in our offices across the globe, such as Bermuda, New Zealand, London and New York.

4. Inclusivity

We have an inclusive work environment where everyone can thrive and be themselves. There are approximately 20 nationalities represented across our offices. We also support local community projects, including sponsorship of initiatives run by not-for-profit organisation, Lean In, which aims to help women achieve their ambitions and Liberate, which aims to include, inform and support the Lesbian, Gay, Bisexual, Transgender and Questioning (LGBTQ) communities across the Channel Islands. We have 2500+ hours available CI wide for our people to participate in community volunteering and projects.

5. Flexibility

We offer formal and informal flexible working arrangements, including options to work from home, or flex your start and finish times. We provide the tools and technology you need to work flexibly and meet the commitments you make to clients, to your family and to your community.

How to apply for our CI programmes

If you're interested in applying for work experience or a trainee role, please send a copy of your CV to EYCIStudentHire@uk.ey.com.
