

Entry requirements for UK medical schools
2021 entry

mssc Medical
Schools
Council
Selection Alliance

“Around the UK there are students who would make brilliant doctors but who feel in the dark about what they need in order to apply. Some of these students may never have considered their talent for medicine, while others have had encouragement from family or teachers.

“Medical schools want to find the best candidates and believe they can come from any background. With a resource like this, we hope that a major part of the process – admissions criteria – can become clearer for everyone.”

Paul Garrud
Honorary Associate Professor, University of Nottingham
Chair, Medical Schools Council Selection Alliance

Welcome

This guide contains information on entry requirements for all of the UK's bachelor's degrees in medicine. It was created by the Medical Schools Council and is updated yearly from information passed directly from the medical schools.

The purpose of the guide is to act as a point of reference and easy comparison for entry requirements. It cannot contain the full details of each medical school's requirements, so seeking confirmation and additional information on individual medical school's websites is essential.

Diversity and widening participation

This guide will be useful to all who are considering an application to study medicine. It was, however, created with particular focus on widening participation. This term refers to initiatives which provide opportunities for those who would make excellent doctors but who face barriers due to their educational and/or socioeconomic circumstances.

The Medical Schools Council believes that an applicant's chance of entering a medical degree programme should be dictated by factors such as academic ability, motivation and conscientiousness. Factors like wealth or cultural background should not present any barrier to studying medicine. Removing barriers will help to build a medical profession which is diverse, highly capable and represents the communities it serves.

Part of this is to present entry requirements information in the clearest way. This is of particular benefit to students who are without good careers guidance. It will also help careers advisers ensure that their knowledge is correct and up to date.

Collating and publishing this information is part of the medical schools' response to the demand for clear and accessible entry requirements for medicine, as recommended in the Final Report of the Selecting for Excellence project.

Did you know...

All the information in this booklet is available as an [interactive webpage](#) so you can search by your chosen criteria and make easy comparisons.

“I've had to overcome some major adversities in life in order to be where I am today. Although the grades I achieved at A level wouldn't typically have been sufficient to be considered for medicine, I'm extremely happy to have been given the opportunity.”

Zephanai Braithwaite
Year 0 student
University of Southampton

Course types

Standard Entry Medicine

This is usually five years long, but in some institutions it is six. It can have different abbreviations, such as MBBS or MBChB, but all result in the bachelor's degree in medicine.

Graduate Entry Medicine

This is open to application from those who already have a bachelor's degree. Many universities accept a degree in any subject, but some require the previous degree to be science- or health-related. It is a four-year accelerated degree in most cases, but in some universities it is a five-year course. It is also known as the Graduate Entry Programme.

Medicine with a Preliminary Year

This course takes the form of a five-year Standard Entry Medicine with an additional year at the start, making a six-year course.

This course is designed for those who achieved highly at A level, or equivalent, but who did not take the required science subjects. This extra year gives students the necessary science training to catch up. It is not a means of boosting the grades of those who do not meet the entry requirements of Standard Entry Medicine.

Medicine with a Gateway Year

These medical degrees are designed for those who are of high ability but who may be coming from situations where they have had barriers to their learning.

The courses can take this into account in different ways, for instance by using 'adjusted criteria' to change the entry requirements for applicants from low-participation areas. Often these are six-year courses, with the first year being a foundation year. Some schools offer a stand alone foundation year, which allows progression on to a standard medicine course.

Note →

Sometimes this course is called a 'foundation year'. It should not be confused with the Foundation Programme, which is the period of practical training taken after graduation.

Note →

These courses have been designed specifically for widening participation, but many of the Standard Entry Medicine courses use similar methods. See the 'widening participation' box in each entry.

Admissions tests

Nearly all medical degrees use an admissions test as part of their entry requirements. There are three admissions tests. Applicants may sit different combinations of these tests according to the medical schools they intend to include in their application.

UCAT

Applicants must register for the UCAT between May and late September. After the UCAS deadline, results are sent directly to the medical schools to which the applicant has applied. Thirty medical schools use the UCAT. **Covid-19 has affected how UCAT is delivered. You must visit the [website](#) to confirm deadlines.**

UCAT also administers the Situational Judgement Test for Admission to Clinical Education (SJFace) which is an admissions test used for entry to the Scottish Graduate Entry Medical Programme (ScotGEM).

BMAT

There are usually two [BMAT](#) test dates per year. The first is in early September and applicants must register for this by early August. The second is in late October or early November and students should aim to register for this by the end of September, but late registrations are possible until the UCAS application deadline. The scores of those in the second sitting are sent directly to the medical schools to which they have applied. Seven medical schools use the BMAT. **Covid-19 has affected how BMAT is delivered. You must visit the [website](#) to confirm deadlines.**

GAMSAT

This test is used for a number of the Graduate Entry Medicine courses. It is also used for graduate applicants to a small number of Standard Entry Medicine courses. Applicant must register for and sit the GAMSAT before making the UCAS application. Seven medical schools use the GAMSAT. **Covid-19 has affected how GAMSAT is delivered. You must visit the [website](#) to confirm deadlines.**

About Access courses

In medicine, Access courses are run by further education colleges and not by universities. This means there are many different Access courses on offer. Often they are designed for mature learners who may not have A levels or equivalent. As is the case for Medicine with a Preliminary Year, Access courses are not a substitute for poor performance at A level.

If you are thinking about applying for a specific Access course, it will be useful to first check some things with medical schools and with the institution offering the Access course so you can feel comfortable with your decision.

Questions for medical schools

- Do you accept the qualification offered by this Access course as part of your entry requirements?
- If so, have you previously admitted students who have been on this course?

Questions for the Access course provider

- Have students who have taken the Access course gone on to study medicine?
- If so, how many, and which medical schools did they go to?

Understanding the course tables

| | | Home/European Economic Area | International |
|------------------------------------|-------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | | 1 | |
| Number of applicants per place | | | |
| | | Use in selection | |
| Application | Predicted A levels/Scottish Highers | 2 | |
| | GCSEs/Scottish Nationals | | |
| | International Baccalaureate | | |
| | Personal statement | 3 | |
| | Admissions test | 4 | |
| Interview | Interview method | 5 | |
| | Work experience | 6 | |
| Widening participation | | 7 | |

- 1 The numbers here are called 'competition ratios'. They state the number of applicants per interview and the number of applicants per place on the course. Where the ratio is not known, it is marked with '-'.
- 2 These are the minimum entry requirements which must be met for the application to proceed. It is at the following stages, such as interview, where medical schools really start to differentiate the applicants.
- 3 This will tell you how the personal statement is used. Most medical schools do not score the personal statement (but may still read it for background information). Some do score the personal statement.
- 4 This states the admissions test used by the medical school. See the previous page for more on these.
- 5 Interviews can take different forms, such as a single panel interview, or a series of short interviews called a 'multiple mini-interview'. Different styles can focus on different attributes in the candidate.
- 6 Medical schools may specify what kind of experience they are looking for. Remember: it is not a checklist. The key is the way in which an applicant discusses their experiences in the interview, not the places where they have gained them. For instance, if asked to provide an example of working with other people, having had a part-time job can be just as valuable for answering this as having shadowed a doctor. See the [Work experience guidelines for applicants to medicine](#) for more on this.
- 7 This box contains any information which relates to widening participation. This can take many forms, from stating particular colleges that the medical school works with, to describing how the grade threshold may be lowered according to factors in the applicant's circumstances.

Standard Entry Medicine

This course type is usually five years long, but in some institutions it is six. It can have different abbreviations, such as MBBS or MBChB, but all result in a bachelor's degree in medicine.

University of Aberdeen Medical School

MB ChB Medicine (A100)

5 years

| | Home/European Economic Area | International (non-EEA) |
|------------------------------------|-----------------------------|-------------------------|
| Number of applicants per interview | 1.72 | 2.19 |
| Number of applicants per place | 9.68 | 17.5 |

| | | Use in selection |
|-------------|---|--|
| Application | Degree qualifications (for graduate applicants) | A minimum of 2.1 in an undergraduate degree will enable application with a Chemistry grade B in SQA Higher or A level. |
| | Predicted A levels/Scottish Highers | AAA at A level including Chemistry and one from Biology/ Human Biology, Maths or Physics achieved at same time. AAAAB at SQA Higher level including Chemistry and two from Human Biology/Biology, maths or Physics and two further Highers in most subjects. S6: Three full academic courses in Advanced Highers or a mix of two Advanced Highers and one new Higher at BBB grade. |
| | GCSEs/Scottish Nationals | GCSE Grade 5 in English and Maths and combination of grades 6–9 especially in science subjects. SQA National 5 English and Maths at grade B and a combination of grades A and B passes, especially in science subjects. |
| | International Baccalaureate | 36 points. Three subjects achieved at higher level at grade 6 or above including Chemistry and one of Biology, Physics or Maths. Three appropriate subjects at standard level with average grade 6. |
| | Personal statement | Personal Statement is reviewed prior to interview for evidence of preparation for medicine. The personal statement is not scored but is assessed at interview. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-Interviews |
| | Work experience | A range of experience in primary care or a hospital. Voluntary work in care homes, hospices or special needs schools. Work experience form completed and returned at interview. |

| | |
|------------------------|---|
| Widening participation | AAAB for Scottish widening participation applicants, and guaranteed interview should applicant meet minimum academic requirements and achieve UCAT score within top 75% of all Aberdeen applicant scores. Widening participation criteria are SIMD20 postcode or attends a Reach school or is Care experienced. See website for details. |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Aberdeen Medical School](#).

Anglia Ruskin University School of Medicine

MB ChB Medicine (A100)

5 years

| | Home/European Economic Area | International (non-EEA) |
|------------------------------------|-----------------------------|-------------------------|
| Number of applicants per interview | 2 | N/A |
| Number of applicants per place | 12 | N/A |

| | | Use in selection |
|-----------------|---|--|
| Application | Degree qualifications (for graduate applicants) | Minimum 2.1 honours degree awarded within the last five years. The degree must be in a biological, Biomedical, Chemistry or health science subject. |
| | Predicted A levels/Scottish Highers | AAA at A level taken within two academic years prior to the time of application, to include Chemistry or Biology and one of either Biology, Chemistry, Maths or Physics. |
| | | AAB from Scottish Advanced Highers with grades AA to come from Biology and/or Chemistry and another science subject. AAAAA at Higher Grade including Biology and/or Chemistry and another science subject. |
| | GCSEs/Scottish Nationals | A minimum of 5 GCSE passes at grades 9-6 (A*-B) or equivalent required including Maths, English Language and two science subjects. |
| | International Baccalaureate | A minimum of 36 points is accepted. 6,6,6 at Higher Level in Biology and/or Chemistry plus one other science subject. |
| | Personal statement | The personal statement is not taken into consideration when shortlisting for interview, but candidates who are invited to interview can expect to be asked about their personal statement at that stage. |
| Admissions test | UCAT | |

| | |
|------------------|--|
| Interview method | Multiple mini-interviews |
| Work experience | Work experience is not taken into consideration when shortlisting for interview, but candidates who are invited to interview can expect to be asked about their work experience at that stage. |

| | |
|------------------------|---|
| Widening participation | Depending on the circumstances, applicants eligible for the Widening Access Scheme may be offered a lower conditional offer at A level of ABB. See website for details. |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Anglia Ruskin University Medical School](#).

Aston University Medical School

MB ChB Medicine (A100)

5 years

| | Home/European Economic Area | International (non-EEA) |
|------------------------------------|-----------------------------|-------------------------|
| Number of applicants per interview | 2.9 | 2.5 |
| Number of applicants per place | 10.6 | 10.4 |

| | | Use in selection |
|-------------|---|---|
| Application | Degree qualifications (for graduate applicants) | For graduate applicants, a minimum of a 2:1 in any discipline, plus three A Levels at grades ABB, to include Chemistry and Biology, with either at grade A or equivalent international qualification. GCSE requirements must also be met. |
| | Predicted A levels/Scottish Highers | AAA-AAB at A Level which must include Chemistry and Biology (including passing the practical elements). |
| | GCSEs/Scottish Nationals | Normally applicants are required to have a minimum of five grade 6 (B) at GCSEs, or equivalent for international qualifications, including Maths, English Language, Chemistry, Biology or Double Science. |
| | International Baccalaureate | 35 overall. 6,6,5 in three subjects which must include Chemistry (HL6) and Biology (HL6). |
| | Personal statement | We read all personal statements and references. We do not score the personal statement but this may be taken into consideration for applicants who are borderline. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | We recognise that not everyone will be able to secure medical work experience, and that it is possible to get the same outlook, experience and qualities by doing work experience in a non-medical environment too. For example, working in a hospital shop will mean that you deal with all kinds of patients and people and allow you to develop your communication skills, teamwork skills, following instructions, and leadership skills. |

| | |
|------------------------|---|
| Widening participation | We aim to offer up to 40% of our UK/EU places each year to students who meet specified widening participation criteria; preference will be given to our local students including those who are on the Sir Doug Ellis Pathway to Healthcare Programme. See website for details. |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Aston University Medical School](#).

University of Birmingham Medical School

MB ChB Medicine and Surgery (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 2.2 | 4.5 |
| Number of applicants per place | 8.3 | 18.1 |

| | | Use in selection |
|-------------|---|---|
| Application | Degree qualifications (for graduate applicants) | Applicants with a 2:1 in any subject and have achieved ABB at A level (Chemistry and Biology) are ranked by total UCAT score. |
| | Predicted A levels/Scottish Highers | AAA at A level including Biology and Chemistry. AA at Advanced Higher including Biology and Chemistry. |
| | GCSEs/Scottish Nationals | Minimum of grade B in science, English and Maths. Home applicants: An application score is calculated based on GCSE and UCAT results as well as contextual factors. A total of seven GCSE results are scored, including English, maths and science. The contextual element is described below. The website calculator allows prospective applicants to receive feedback on the likelihood of success based on the academic factors used in selection. |
| | International Baccalaureate | 6,6,6 at Higher Level (including Biology and Chemistry; must be predicted 6,6,5) plus total points score of 32. |
| | Personal statement | Personal statement is not scored. It is expected that the statement provides evidence of commitment to study medicine. |
| | Admissions test | UCAT. For home applicants, a score is allocated based on ranking the total of the scores for the four subtests. For international applicants, we rank the total score in order to define a threshold. The result for the Situational Judgment Test contributes to the scoring at the interview stage. |

| | |
|------------------|--|
| Interview method | Multiple mini-interviews |
| Work experience | Work experience does not factor into the process of selection for interview. The understanding gained from work experience will be invaluable in enabling applicants to address the issues presented to them at interview. |

| | |
|------------------------|--|
| Widening participation | We recruit medicine students via a number of outreach schemes: Pathways to Birmingham . Birmingham also participates in the UKWPMED scheme . Contextual data is taken into account when selecting home applicants for interview. We define a contextual school using performance data at GCSE and A level. We combine this with POLAR data to generate a contextual score, which is an element of our algorithm for calculating an application score. See website for details . |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Birmingham Medical School](#).

Brighton and Sussex Medical School

BMBS Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | – |
| Number of applicants per place | – | – |

| | | Use in selection |
|-------------|---|--|
| Application | Degree qualifications (for graduate applicants) | 2:1 in a science subject with sufficient Biology and Chemistry. |
| | Predicted A levels/Scottish Highers | AAA at A level including Biology and Chemistry. |
| | GCSEs/Scottish Nationals | GCSE Maths and English at grade 6 (B), or grade 5 (C) for WP applicants. |
| | International Baccalaureate | 36 points including Biology and Chemistry at Higher level at grade 6. |
| | Personal statement | Personal statement is not used in any part of selection process. |
| | Admissions test | BMAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple-mini interviews |
| | Work experience | Applicants need an insight into medicine and the role of the doctor, this may come from work experience. |

| | |
|------------------------|---|
| Widening participation | <p>BSMS has a number of WP activities -</p> <ul style="list-style-type: none"> • BrightMed • BrightIdeas • Virtual work experience • GP work experience <p>BSMS aims to give 30% of its interviews and offer at least 50 places to applicants who meet WP criteria.</p> <p>Applicants who meet WC criteria will receive an offer of AAB at A level (35 points IB) along with GCSE maths and English at grade 5 (C).</p> <p>See website for details.</p> |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Brighton and Sussex Medical School](#).

University of Bristol Medical School

MB ChB Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | – |
| Number of applicants per place | – | – |

| | | Use in selection |
|-------------|---|---|
| Application | Degree qualifications (for graduate applicants) | 2:1 degree plus ABB at A level including A in Chemistry and B in either Biology, Physics or Maths. |
| | Predicted A levels/Scottish Highers | AAA at A level including in Chemistry and either Biology, Physics or Maths. AA at Advanced Higher in Chemistry and one of Biology, Physics or Maths and Standard Higher: AAAAB |
| | GCSEs/Scottish Nationals | Minimum of grade A in Maths and grade C in English Language. |
| | International Baccalaureate | 36 points overall with 18 at Higher level, including 6,6 at Higher level in Chemistry and one of Biology, Physics or Maths. |
| | Personal statement | This is not assessed, but may be used to differentiate between applicants who have achieved the same UCAT score. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | This will be discussed during interview |

| | |
|------------------------|--|
| Widening participation | Some applicants are eligible for a lower contextual offer of ABB/AAC including A in Chemistry and A/B in one of Biology, Physics or Mathematics. Eligibility criteria is detailed here . |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Bristol Medical School](#).

University of Buckingham Medical School

MB ChB Medicine (71A8)

4.5 years

| | Home/European Economic Area | International (non-EEA) |
|------------------------------------|-----------------------------|-------------------------|
| Number of applicants per interview | – | – |
| Number of applicants per place | – | – |

| | | Use in selection |
|-------------|--|--|
| Application | Degree qualifications (graduate applicants only) | For applicants offering a degree – they should have a Bachelor degree in a subject cognate to Medicine, and have or be predicted a minimum classification of 2.1. |
| | Predicted A levels/Scottish Highers | AAB at A level including Chemistry and Biology. BBB at Advanced Highers to include Chemistry and Biology. AAABB at Highers at S5 level with 3. |
| | GCSEs/Scottish Nationals | No specific requirements. |
| | International Baccalaureate | A minimum of 34 points overall, to include 3 Higher Level subjects. Must achieve at least HL6 in Biology and Chemistry (please note the overall points score does not include your theory of knowledge or extended essay). |
| | Personal statement | The medical school may consider all the information provided within a candidates application including academic qualifications, personal statement and references before a final decision is made to interview or offer a place on the course. |
| | Admissions test | None. |

| | | |
|-----------|------------------|--------------------------|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | Not considered. |

| | |
|------------------------|---|
| Additional information | <p>The University of Buckingham is a not-for-profit educational charity that receives no government subsidies. More information on fees.</p> <p>Please note the application deadline for this course is 31 August of each year. This course is 4.5 years and with the term start in January 2021.</p> |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Buckingham Medical School](#).

University of Cambridge School of Clinical Medicine

MB BChir Medicine (A100)

6 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | – |
| Number of applicants per place | 6 | 17 |

| | | Use in selection |
|-------------|-------------------------------------|--|
| Application | Predicted A levels/Scottish Highers | Typical offers are A*A*A at A level, or A1A1A2 in Scottish Advanced Highers. On entry, applicants must have A level passes in Chemistry and at least one of Biology, Physics, Maths (two required by some colleges). Please note that the success rate for students offering three or more Science/Maths A levels has often been higher than for those without. |
| | GCSEs/Scottish Nationals | No specific requirements. |
| | International Baccalaureate | 40–42 points, with 7,7,6 at Higher Level. On entry, applicants must have Higher Chemistry and at least one of Higher Biology, Physics, Maths (two required by some colleges). |
| | Personal statement | Personal statement is reviewed prior to interview but not scored. |
| | Admissions test | BMAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Panel interview/s (usually two interviews lasting 25–30 minutes at one college). |
| | Work experience | To develop understanding of what a career in medicine involves and suitability for your intended profession, candidates are strongly advised (though not required) to undertake some relevant work experience (either paid or voluntary) in a health or related area. The medical school is not prescriptive about how this is obtained and recognises the widely differing opportunities available. |

| | |
|------------------------|--|
| Widening participation | Contextual data is considered within the admissions process; relevant applications receive contextual flags based on individual, socio-economic and educational disadvantage. This information is fully considered as part of a holistic admissions process to aid in the fair assessment of applicants, but does not result in systematic lower grade offers. The university delivers a Medicine Summer School with the Sutton Trust, alongside a number of other subject-specific outreach interventions. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn about the course itself, see its webpage: [University of Cambridge School of Clinical Medicine](https://www.cam.ac.uk/undergraduate/clinical-medicine).

Cardiff University School of Medicine

MB BCh Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 1.9 | 6 |
| Number of applicants per place | 9.1 | 19.2 |

| | | Use in selection |
|-------------|-------------------------------------|---|
| Application | Predicted A levels/Scottish Highers | AAA at A level which should include Chemistry and Biology. The Welsh Baccalaureate is accepted in the place of a third A level. General Studies, Critical Thinking and Further Maths are not accepted. |
| | GCSEs | Either grades 6,6 (BB) in Science and Additional Science or grades 6,6 (BB) in both Chemistry and Biology if taken as single sciences. Grade 6 (B) is required in Maths and English Language. If Welsh Language is offered, it must also be supplemented with English Language at a minimum of a grade 6 (B). |
| | International Baccalaureate | IB Diploma with a minimum overall score of 36 and 766 in 3 Higher level subjects. Must include grade 6 in HL Biology or Chemistry AND grade 6 in one other HL science from Biology, Chemistry, Mathematics, Physics, or Statistics. Must also include grade 7 in SL Biology or Chemistry if not taken at HL. All offers exclude Theory of Knowledge and the Extended Essay. |
| | Personal statement | Evidence is sought for insight into a career in medicine, experience and reflection of personal responsibility, experience and reflection in a caring environment, a balanced approach to life, self-directed learning and a sense of social awareness, in addition to positive referee's comments. |
| | Admissions test | UCAT (GAMSAT for graduates) |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | The university recognises that opportunities for work experience will vary according to individual circumstances. Applicants are encouraged to show an appreciation of the length of the training programme and the career structure. |

| | |
|------------------------|---|
| Widening participation | The academic and non-academic attainment of a candidate will be reviewed against educational performance data and socio-economic background to provide an overview of an applicant's potential. The medical school will consider this information when deciding whether to call a candidate for interview. See website for details. |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Cardiff University School of Medicine](#).

University of Dundee School of Medicine

MB ChB Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | – |
| Number of applicants per place | – | – |

| | | Use in selection |
|-------------|---|---|
| Application | Degree qualifications (for graduate applicants) | Minimum upper second class (2:1) Honours degree in a relevant life science subject. This should be the first degree obtained. |
| | Predicted A levels/Scottish Highers | AAA grades at A level, to include Chemistry and another science, achieved in one sitting. A minimum group of AAAAB grades at SQA Higher level including Chemistry and another science subject, all to be obtained at the same sitting. Biology is required to at least Standard grade. |
| | GCSEs/Scottish Nationals | Minimum of eight subjects, at grade B or higher to include Biology, Maths, English. |
| | International Baccalaureate | Minimum total of 37 points, to include 6,6,6 at Higher level. Subjects at Higher level should include Chemistry and another science (from biology, physics or mathematics). Plus three subjects at Standard level with average of grade 6, to include Biology at least to Standard level 6. |
| | Personal statement | Personal statement is reviewed prior to interview but not scored. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | If applicant invited to interview, work experience is discussed in personal statement multiple mini-interview station. |

| | |
|------------------------|--|
| Widening participation | Taken into account pre-interview. See website for details. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Dundee School of Medicine](#).

Edge Hill University Medical School

MB ChB Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 1.5 | N/A |
| Number of applicants per place | 16.8 | N/A |

| | | Use in selection |
|-------------|---|---|
| Application | Degree qualifications (for graduate applicants) | 2:1 in a science-related a science-related degree, including Psychology, which has been awarded in the two years prior to application. If graduated prior to this but have undertaken postgraduate study in the past two years, applicants are also encouraged to apply. Graduates must have grades ABB at A level including Biology and Chemistry, at least one of which must be at grade A with the other at minimum grade B, as well as one other subject. |
| | Predicted A levels/Scottish Highers | AAA at A level, including Biology and Chemistry, with passes in the practical elements of both subjects, and one other subject. While Biology and Chemistry are both required at grade A or above, where Grade A* is achieved in either Biology or Chemistry (or both Biology and Chemistry), the third A Level subject will be accepted at Grade B or above. Scottish Highers: Grades AAAAB including Biology, Chemistry and three other subjects. Advanced Highers: AAA in Biology, Chemistry and one other subject. |
| | GCSEs/Scottish Nationals | At least five GCSEs at grade B or grade 6 or above (or equivalent) at the time of application, including Biology, Chemistry, English Language and Maths are required. GCSE Double Science Awards at grades 6-6 or B-B or above will also be accepted in lieu of separate GCSEs in Biology and Chemistry. |
| | International Baccalaureate | 36 points to include three subjects at Higher Level, with at 6,6,6 in Biology, Chemistry and one other subject, plus three further subjects at standard level with a minimum of 5 points each. |
| | Personal statement | Personal statement and reference used to allow us to allow us to distinguish between borderline applicants. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | No specific work experience is required, but students are asked to draw on personal experience as part of the Multiple Mini Interviews (MMIs). This could include work experience. |

| | |
|------------------------|--|
| Widening participation | If you meet a certain Widening Participation (WP) Criterion this may be used to compensate against your UCAT score. To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: Edge Hill University Medical School . |
|------------------------|--|

University of East Anglia, Norwich Medical School

MBBS Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 1.4 | 4 |
| Number of applicants per place | 7.5 | 19 |

| | | Use in selection |
|-------------|---|---|
| Application | Degree qualifications (for graduate applicants) | 2:1 in any degree subject, with a minimum of BBB/ABC at A level in the first sitting. Must hold six GCSEs at grade 6 or grade B or above, including Mathematics, English Language and either two single science subjects. |
| | Predicted A levels/Scottish Highers | <p>AAA at A level including Biology/ Human Biology or Chemistry. General Studies and Critical Thinking are not accepted. Science A levels must include a pass in the practical element.</p> <p>Applicants taking longer than 2 years will normally be subject to our resit policy and expected to demonstrate a higher level of achievement by achieving an A*, reflecting the longer study period, as per our resit policy.</p> <p>Scottish Advanced Highers BBB in Secondary Six (S6) Advanced Highers including Biology or Chemistry in the first sitting or AB in Secondary Six (S6) Advanced Highers including Biology or Chemistry plus an additional Higher Level at grade A taken in Secondary Six (S6), in the first sitting. Combinations can be substituted with A Levels.</p> |
| | GCSEs/Scottish Nationals | All applicants except for graduates must have a minimum of six GCSE (or EU/international equivalent) passes at grade 7 (A) to include Maths and two Science subjects. GCSE English Language grade 6 (B) must also be achieved. GCSE short courses are not accepted. GCSE resits are accepted. |
| | International Baccalaureate | 36 points overall with Higher Level 6,6,6 including Biology or Chemistry. |
| | Personal statement | Personal statement is not scored but a commitment to study medicine is expected. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | Work experience is considered at interview. We encourage students to undertake people focused work experience and consider how this has informed their decision to study medicine. |

| | |
|------------------------|---|
| Widening participation | Students who attend UEAs medical aspirations programme and who meet the academic requirements, are guaranteed an interview for the MB BS Medicine programme. See website for details. |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Norwich Medical School](#).

University of Edinburgh Medical School

MB ChB Medicine (A100)

6 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | N/A | N/A |
| Number of applicants per place | – | – |

| | | Use in selection |
|-------------|---|---|
| Application | Degree qualifications (for graduate applicants) | 2:1 honours degree, or its international equivalent, in a Biology, Chemistry, Mathematics, or Physics based subject. We will also consider applicants with a UK 2:1 honours degree in other subjects who have an SQA Higher, A Level, or equivalent, in Chemistry at B. |
| | Predicted A levels/Scottish Highers | <p>AAA at A level including Chemistry and one of Biology/ Human Biology, Maths and Physics.</p> <p>BB at Advanced Higher in S6. AAAAB at Higher by the end of S5 including Chemistry and two of Biology/Human Biology, Maths or Physics.</p> <p>The minimum entry requirements for widening access applicants are: SQA Highers: AAABB by end of S5 and CC at Advanced Higher. A Levels: AAB. IB: 36 overall with 666 at HL.</p> |
| | GCSEs/Scottish Nationals | <p>National 5s in Biology, Chemistry, English and Maths at grade B.</p> <p>GCSEs in Biology, Chemistry, English, Maths at grade 6 (B). Double Award combined sciences or equivalent at grade 6,6 (BB) may replace GCSE grades in sciences.</p> |
| | International Baccalaureate | 37 points with 7,6,6 at Higher Level including Chemistry and at least one other science subject. |
| | Personal statement | While it will not be formally assessed, it will play an important part in the assessment day. See website for details. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Assessment Day |
| | Work experience | We value quality of experience over quantity. We are looking for clear evidence of reflection on these experiences, showing us what personal lessons you took from them and using these to demonstrate an aptitude for medicine. This is drawn upon if invited to Assessment Day. |

| | |
|------------------------|---|
| Widening participation | Edinburgh Medical School considers a broad range of contextual factors in its selection process. Additional points are added for a range of contextual indicators including: ACORN, SIMD, low progression school, care experienced or applying through a designated access pathway. See website for more details. |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Edinburgh Medical School](#).

University of Exeter Medical School

BMBS Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 2 | 6 |
| Number of applicants per place | 7.5 | 19 |

| | | Use in selection |
|-------------|-------------------------------------|--|
| Application | Predicted A levels/Scottish Highers | A Levels: AAA at A level including Biology and Chemistry AAA at Advanced Higher including Biology and Chemistry. AAAA at Scottish Higher. |
| | GCSEs/Scottish Nationals | Minimum GCSE grade 4 (C) in English Language and Maths. |
| | International Baccalaureate | 36 points including 6,6 in Higher Level Biology and Chemistry. |
| | Personal statement | The personal statement is evaluated for details regarding mitigating circumstances. The statement is not ranked or scored as part of the selection process. |
| | Admissions test | For direct school leavers, the UCAT is required. For applicants with A levels (or equivalent) taken more than two full academic years previously, the GAMSAT is required. |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | We understand that it can be difficult to gain relevant work experience and so this is not considered as part of our entry requirements, although we do encourage applicants to have an understanding of the attributes and the responsibilities required to be a great doctor. |

| | |
|------------------------|--|
| Widening participation | Fair access to higher education is hugely important to us at the University of Exeter. It enables social mobility and helps to improve opportunities and life-chances for individuals and their communities. As a result, we aim for our application and recruitment processes to be as accessible as possible. See website for more detail. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Exeter Medical School](#).

University of Glasgow School of Medicine

MB ChB Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 3 | – |
| Number of applicants per place | 9 | 10 |

| | | Use in selection |
|-------------|--|--|
| Application | Degree qualifications (graduate applicants only) | A minimum of 2.1 Honours degree in a relevant science degree, obtained within seven years of the entry date. |
| | Predicted A levels/Scottish Highers | A level grades AAA including Chemistry and one of Maths, Physics or Biology. If Biology is not studied at A2 level, it must have been taken at AS level and a grade A is required. General Studies, Critical Thinking and Global Perspectives & Research are not accepted. AAAAA/AAAABB. S5 minimum and two Advanced Highers at AB and one Higher at B, or S5 minimum and three Advanced Highers at BBB. Higher Chemistry and Higher Biology/Human Biology AND either Higher Mathematics or Physics are required. |
| | GCSEs/Scottish Nationals | GCSE English at Grade B (or Grade 6 or above). |
| | International Baccalaureate | 38 points including three Higher Level subjects at 6,6,6, including Chemistry and Biology. |
| | Personal statement | These can be reviewed for any prospective candidate but are not formally scored |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Two-panel interview (semi-structured) |
| | Work experience | There is no mandatory requirement for medical work experience, but candidates must have a sound understanding of the role and responsibilities of medical professionals |

| | |
|------------------------|--|
| Widening participation | See website for details. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Glasgow School of Medicine](#).

Hull York Medical School
 MBBS Medicine (A100)
 5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 2 | 3 |
| Number of applicants per place | 7 | 16 |

| | | Use in selection |
|-------------|---|--|
| Application | Degree qualifications (for graduate applicants) | 2:1 degree and A levels at BBB. 6 GCSEs Grade 9/A* - C/4. GCSE English Language grade 6/B. GCSE Maths grade 6/B. |
| | Predicted A levels/Scottish Highers | AAA at A level obtained in the first sitting, including Biology and Chemistry. AAAAB at Higher Level, plus BBB at Advanced Higher Level, including Biology and Chemistry *or* AAAAA at Higher Level, plus AA at Advanced Higher Level, including Biology and Chemistry. |
| | GCSEs/Scottish Nationals | 6 GCSEs Grade 9/A* - C/4. GCSE English Language grade 6/B. GCSE Maths grade 6/B |
| | International Baccalaureate | 36 points. Applicants must have 6,6,5 in three Higher level subjects including Biology and Chemistry. |
| | Personal statement | Whilst we do not score personal statements, we read all of these and may use them when making holistic decisions on borderline candidates. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | We do not specify a work experience requirement, but applicants are encouraged to reflect upon their work experience in their personal statement and responses to interview questions. |

| | |
|------------------------|--|
| Widening participation | <p>Applicants who meet our Contextual Data markers receive additional points in the selection for interview and at interview. These applicants are also eligible for our Contextual Offer. See website for details.</p> <p>Applicants who attend specified WP Residentials or listed WP programme and receive a UCAT result of Decile 3 or higher are eligible for a fast track to interview, additional points at interview and our Contextual Offer.</p> <p>See website for details.</p> |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Hull York Medical School](#).

Imperial College London School of Medicine

MBBS Medicine (A100)

6 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 2 | 4 |
| Number of applicants per place | 5 | 9 |

| | | Use in selection |
|-------------|-------------------------------------|--|
| Application | Predicted A levels/Scottish Highers | <p>Minimum AAA at A level including Chemistry and Biology plus a third subject. Please note that the standard offer is likely to be A*AA with the A* in either Chemistry or Biology.</p> <p>AAA grades in Advanced Highers including Chemistry and Biology and one Science or Maths subject and one additional subject at Scottish Higher.</p> |
| | GCSEs/Scottish Nationals | <p>Minimum of GCSE grade B in English Language or equivalent qualification. There is no longer any other GCSE or Scottish Nationals requirement</p> |
| | International Baccalaureate | <p>Minimum 38 points overall including 6 in Biology and Chemistry at Higher level. Grade 5 in Standard level English is required.</p> <p>Please note that the standard offer is likely to be 39 points overall including 7 and 6 in Biology and Chemistry at Higher level.</p> |
| | Personal statement | <p>Evidence of motivation to study medicine, understanding of medicine as a career, community activities, leadership qualities, ability to work in a team and general interests.</p> |
| | Admissions test | BMAT |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple Mini Interviews |
| | Work experience | Work experience in a healthcare setting is strongly favoured. |

| | |
|------------------------|---|
| Widening participation | <p>A contextual offer of AAA rather than A*AA may be available. The medical school is involved in the Pathways to Medicine scheme. See website for details.</p> <p>Widening participation candidates are flagged at application stage and this may be a factor at short-listing stage. The medical school is involved in the Pathways to Medicine scheme.</p> |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Imperial College London School of Medicine](#).

Keele University School of Medicine

MB ChB Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 2.5 | 7 |
| Number of applicants per place | 11 | 27 |

| | | Use in selection |
|-------------|---|--|
| Application | Degree qualifications (for graduate applicants) | If the applicant has a 2:1 degree in any discipline then BBB at A level would be considered. Graduate applicants not meeting this requirement must have taken the GAMSAT. |
| | Predicted A levels/Scottish Highers | A-Levels: AAA including either Biology or Chemistry plus another from Biology, Chemistry, Economics, Further Mathematics, Mathematics, Physics, Psychology, Statistics. Scottish Highers: minimum of AAAAB, including Chemistry/Biology plus a second science both at A, to be achieved by the end of S5. Advanced Highers: Minimum of AB from two subjects (both sciences) sat in S6 - any additional subject sat at Higher level in S6 must be achieved at grade B or higher. |
| | GCSEs/Scottish Nationals | Minimum five GCSEs at grade 7 (A). English Language, Maths and Sciences must have been passed at a minimum of 6 (B). Minimum of five Scottish National 5 qualifications at grade A/1, with a minimum of grade B/2 required in English Language, Maths and any science not offered at Higher grade B or better. |
| | International Baccalaureate | 35 points from six academic subjects. Grades of 6,6,6 at Higher Level to include biology or chemistry plus a second science and 6,6,5 at Standard Level usually required. |
| | Personal statement | Not assessed but may be used within an interview station. |
| | Admissions test | UCAT (Home applicants) BMAT (International applicants) GAMSAT (International applicants). |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews plus numeracy assessment. |
| | Work experience | Applicants are expected to have experience of direct engagement with people in need of any kind of care, support or help, and should have taken on some responsibility appropriate to their age and environment. Experiences do not have to be gained in healthcare settings, and no credit will be given for observation (e.g. workplace shadowing). |

| | |
|------------------------|--|
| Widening participation | Students with specific indicators of educational and socio-economic disadvantage may be eligible for adjustments to entry criteria. See website for details. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Keele University School of Medicine](#).

Kent and Medway Medical School

BM BS Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 5.2 | 3.6 |
| Number of applicants per place | 15.4 | 4.8 |

| | | Use in selection |
|-------------|-------------------------------------|---|
| Application | Predicted A levels/Scottish Highers | AAB including Chemistry or Biology, plus one of Chemistry, Biology, Maths, Psychology or Physics. Excluding General Studies and Critical Thinking. |
| | GCSEs/Scottish Nationals | Five subjects at 9–6 (A*–B) including English Language and Maths plus Biology, Chemistry and Physics or Double Science and another subject. |
| | International Baccalaureate | 34 points including Biology or Chemistry at Higher Level 6 and one further Higher Level subject in Biology, Chemistry, Maths, Physics or Psychology at grade 6. |
| | Personal statement | Personal statements are considered for all borderline applicants in order to promote them into the group selected for interview. |
| | Admissions test | UCAT |

| | |
|------------------|--|
| Interview method | Multiple mini-interviews |
| Work experience | Work experience is desirable, particularly in public-facing roles. KMMS recognises it might be difficult to arrange medical sector experience, and gives equal weight to care sector and other public-facing experience. |

| | |
|------------------------|---|
| Widening participation | Apart from applicants from KMMS and parent universities' partner schools, KMMS does not define a group of students for special consideration. KMMS has developed a method of contextualising everyone relative to their educational background. |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Kent and Medway Medical School](https://www.kent.ac.uk/medway/medical-school/).

King's College London School of Medical Education

MBBS Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | – |
| Number of applicants per place | – | – |

| | | Use in selection |
|-------------|-------------------------------------|--|
| Application | Predicted A levels/Scottish Highers | Bioscience graduates will be considered with minimum 2:1 undergraduate degree. All other graduates will be considered with minimum 2:1 AND grades AA at A level in both Biology and Chemistry. |
| | Predicted A levels/Scottish Highers | A*AA at A level including Chemistry and Biology. AAA at Scottish Higher in one sitting and AA at Advanced Higher, including grade A in Advanced Higher Chemistry and Biology (we do not count the Higher and Advanced Higher in the same subject). If only one of Chemistry or Biology is offered at Advanced Higher, the other must be offered at Higher level at grade A. |
| | GCSEs/Scottish Nationals | GCSEs: Grade 6/B in both English Language and Maths required. Scottish Nationals: English and Maths required at N5/Standard Credit grade 1 or 2/ Intermediate 2, with grade B if not offered at Higher. |
| | International Baccalaureate | A total of at least 35 points, with three Higher Level subjects at 766 including Chemistry and Biology. Note the total point score of 35 includes TOK/EE. |
| | Personal statement | Personal statements are used as part of the interview shortlisting process. We are not able to consider applicants whose personal statements are not focused on Medicine. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | We would normally expect that applicants will have undertaken some voluntary work experience in a caring/health environment and/or observation in a medical clinical setting. It is important for applicants to have a realistic appreciation of what a career as a health professional involves. |

| | |
|------------------------|---|
| Widening participation | We do take WP information into consideration when shortlisting for interviews and making final decisions. General information about WP at KCL can be found here . |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [King's College London School of Medical Education](#).

Lancaster University Medical School

MB ChB Medicine and Surgery (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 3.8 | 8.1 |
| Number of applicants per place | 6.5 | 40 |

| | | Use in selection |
|-------------|---|--|
| Application | Degree qualifications (for graduate applicants) | If applicant has a 2:1 degree in a biological, biomedical or health science subject then A level grades of BBB will be considered; for any other degree subject A level grades should be AAB including Biology and Chemistry. |
| | Predicted A levels/Scottish Highers | AAA at A level including two from Biology, Chemistry and Psychology. Applicants who fulfil two or more widening participation criteria, may be considered for a contextual offer of ABB. Scottish Highers: AAAAB at Scottish Highers plus AA in Advanced Highers in both Biology & Chemistry. |
| | GCSEs/Scottish Nationals | GCSEs must include the following subjects at grade B/6: Core and Additional Science (or Biology, Chemistry, and Physics), English Language, and Mathematics. If Biology or Chemistry is not studied at A-level, then GCSE must be at least grade A/7. |
| | International Baccalaureate | 36 points overall with at least 6 in three Higher Level subjects including any two of Biology, Chemistry and Psychology and 5 in three Standard Level subjects. |
| | Personal statement | The personal statement is not used as a stand alone part of our selection process but may be used as part of the interview. |
| | Admissions test | BMAT |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | Specific work experience not required though applicants must showcase evidence of research into a career in medicine. Insight is more important and voluntary placements in hospices, residential homes etc, where there is interaction with vulnerable people, is just as valuable as shadowing doctors. |

| | |
|------------------------|--|
| Widening participation | Lancaster Medical School has a contextual offer scheme for applicants who meet two or more widening participation criteria. See website for details. We also run a range of activities, including a Summer School, to help widening participation students prepare to apply. See website for details. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Lancaster University Medical School](#).

University of Leeds Medical School

MB ChB Medicine and Surgery (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 2 | - |
| Number of applicants per place | 9.2 | 25.3 |

| | | Use in selection |
|-------------|---|--|
| Application | Degree qualifications (for graduate applicants) | 2.1 in appropriate topic. If Chemistry or Biology is not offered at A level grade B or above then equivalent content must be offered at degree. |
| | Predicted A levels/Scottish Highers | AAA at A level including Chemistry or Biology. Physics or Maths must also be offered if Chemistry is not taken. Scottish Highers: Typical offer AAAAB at Higher including Biology and Chemistry, and AB at Advanced Higher, including A in Chemistry or Biology. |
| | GCSEs/Scottish Nationals | Six subjects at minimum grade 5 (B) including English Language, Maths, Double/Additional Science or Chemistry and Biology. This is a minimum entrance requirement and the majority of applicants will have qualifications well above this standard. |
| | International Baccalaureate | 35 points with a mark of 6 in three Higher Level subjects one of which must be Chemistry or Biology. Two subjects from Chemistry, Biology, Maths and Physics must also be offered at either Higher or Standard Level if not offered at GCSE. If English not offered at GCSE, this must be offered with a mark of at least 5 at Standard level. |
| | Personal statement | Not formally scored, but it is essential that applicants take this opportunity to demonstrate their motivation and enthusiasm to study. |
| | Admissions test | BMAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | Experience in a healthcare setting, though this definition is broad. |

| | |
|------------------------|--|
| Widening participation | <p>Access to Leeds applicants receive special consideration from admissions tutors and those who receive an offer are given an alternative offer alongside their standard offer. See website for details.</p> <p>Interdisciplinary Science Foundation Programme (CFG0): Students who successfully complete the year may transfer to the MBChB.</p> |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Leeds Medical School](#).

University of Leicester Medical School

MB ChB Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 1.8 | 2.8 |
| Number of applicants per place | 7.6 | 16.1 |

| | | Use in selection |
|-------------|---|--|
| Application | Degree qualifications (for graduate applicants) | If the applicant has a 2:1 degree in any discipline then a grade B or higher in A level Chemistry or Biology will be considered. |
| | Predicted A levels/Scottish Highers | <p>AAA at A level including Chemistry or Biology and one of Biology, Chemistry, Physics or Psychology, but excluding General Studies, Citizenship Studies or Critical Thinking. Also consider A*AB provided you have an A in Chemistry or Biology.</p> <p>AAA at Advanced Higher including Chemistry or Biology and one of Biology, Chemistry, Physics, Psychology or Maths. They will also consider the two sciences at Advanced Higher (grade AA) plus three other subjects at Highers level (grades AAB). They will not consider applicants who only take Scottish Highers.</p> |
| | GCSEs/Scottish Nationals | All applicants must have a Grade B/6 in English Language, Mathematics, and two sciences (either Chemistry and Biology or Science and Additional Science). For Scottish Nationals: grade B in English Language, Mathematics and two sciences, including Chemistry. |
| | International Baccalaureate | We accept a minimum score of 34 points overall, and a minimum score of 6 in three Higher Level subjects (or 7,6,5 provided you have at least a 6 in Chemistry or Biology) including Chemistry or Biology, and one of Biology, Chemistry, Physics, Maths or Psychology. |
| | Personal statement | Not routinely read although they can be used in a borderline or tiebreaker situation. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | Healthcare-related work experience is not required but applicants, particularly those who are borderline, must showcase reflection in whatever type of work they have encountered (voluntary, paid work in retail, catering, health or social care). |

| | |
|------------------------|--|
| Widening participation | Contextual data will be used in selecting for interview and at offer stage. As well as giving adjusted criteria for students on the Realising Opportunities Programme and MEDLEAP programmes, those on these access programmes are automatically invited to interview providing they are not in the lowest two deciles of UCAT and do not have band 4 in the SJT. See website for details. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Leicester Medical School](http://www.le.ac.uk/leicester/medical-school).

Lincoln Medical School (University of Nottingham Lincoln Pathway)

BMBS Medicine Lincoln Pathway (A10L)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 1.5 | 1.5 |
| Number of applicants per place | 4 | 7 |

| | | Use in selection |
|-------------|--|---|
| Application | Degree qualifications (graduate applicants only) | 2.1 any degree, but must have achieved our A level requirements |
| | Predicted A levels/Scottish Highers | AAA including biology (or human biology) and chemistry. A pass is required in science practical tests, where these are assessed separately. AA at Advanced Higher including Biology and Chemistry. AAAAB at Scottish Higher including Biology and Chemistry, Maths and English Language. Grade A must be achieved in Biology and Chemistry. |
| | GCSEs/Scottish Nationals | Six GCSEs at grade 7 (A) with grade 6 (B) in English language. These GCSEs must include Biology, Chemistry and Physics as either individual subjects, triple science or double science. They must also include Maths. We do not accept GCSE resits. At least AAAAAA in Scottish National 5 qualifications including the sciences (Biology, Chemistry, Physics), Maths and English Language. |
| | International Baccalaureate | 36 points (6, 6, 6 at Higher Level including Biology and Chemistry, excluding core component). GCSEs as above (or equivalent). |
| | Personal statement | The personal statement and reference are assessed after interview before issuing offers. The personal statement is not scored. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | We ask students to demonstrate their participation in work experience and volunteering to be eligible to apply. |

| | |
|------------------------|---|
| Widening participation | If an applicant is eligible for the University of Nottingham WP Flag, they may be accepted with predicated grades of AAB with at least one A in either Biology or Chemistry or IB - 35 (6,6,5 at Higher Level including 6 in either Biology or Chemistry, excluding core component) and may be given a corresponding lower contextual offer following interview. |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Nottingham Lincoln Medical School](https://www.lincoln.ac.uk/lincoln-medical-school/).

University of Liverpool School of Medicine

MB ChB Medicine and Surgery (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | Unknown for 2021 | 2.6 |
| Number of applicants per place | 8.6 | 17 |

| | | Use in selection |
|-------------|---|--|
| Application | Degree qualifications (for graduate applicants) | If applying as a graduate, a 2:1 honours degree in a biological, biomedical or health sciences degree and A levels of BCC including Chemistry and one other science subject (e.g Biology, Maths, or Physics). If applying with a non-science degree, higher grades in science A levels would be required. |
| | Predicted A levels/Scottish Highers | AAA, to include Chemistry together with either Biology, Physics or Mathematics and a third academic subject. AA at Advanced Higher including Biology and Chemistry. AAAAB–AAAAA at Higher. |
| | GCSEs/Scottish Nationals | GCSEs in nine subjects. A score of 15 points from the nine including core and additional science (or Biology, Chemistry and Physics), English Language and Maths. In scoring system A* = 3 points, A/8/7 = 2 points; B grade/6 = 1 point Minimum of Scottish National 5 (intermediate 2) in Biology, Chemistry, Physics, English Language, Maths and at least two other subjects attained by the end of S4. |
| | International Baccalaureate | 36 points with 6,6,6 at Higher Level; each at a minimum of 6 to include Biology and Chemistry and one other academic subject plus three further subjects at standard level, minimum of 5 points each |
| | Personal statement | Personal statement will not be used in making the decision to invite to interview but will be assessed at interview. |
| | Admissions test | UCAT for non-graduates, GAMSAT for graduates. |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Yet to be confirmed for entry in 2021. |
| | Work experience | No specific work experience is stated but applicants must be able to demonstrate our non-academic criteria which will be assessed at interview. |

| | |
|------------------------|--|
| Widening participation | Liverpool medical school gives special consideration to Liverpool Scholars and students on the Realising Opportunities programme. There are also specific reduced entry criteria for those who offer non-traditional qualifications such as Open University modules and locally approved access courses. The medical school is currently piloting the use of contextual admissions in the admissions process. See website for details. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Liverpool School of Medicine](#).

University of Manchester School of Medicine

MB ChB Medicine (A106)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | - | - |
| Number of applicants per place | - | - |

| | | Use in selection |
|-------------|---|--|
| Application | Degree qualifications (for graduate applicants) | Applicants with a 2:1 degree and A levels at BBB gained at the first attempt will be considered. |
| | Predicted A levels/Scottish Highers | AAA at A level including Chemistry or Biology/ Human Biology and one of Chemistry, Biology/ Human Biology, Physics, Psychology, Maths or Further Maths. AA at Advanced Higher by the end of Secondary 6. AAAA at Scottish Higher by the end of Secondary 5 to be achieved in the same sitting at first attempt. |
| | GCSEs/Scottish Nationals | We require at least seven GCSEs at grade A (7) or A* (8+). English Language, Mathematics and at least two science subjects are required at GCSE minimum grade B (6). If Dual Award Science or Core and Additional Science are offered, the minimum required is BB (66). |
| | International Baccalaureate | 37 points with 7,6,6 at Higher level. If Maths and English Language are not offered as part of the Diploma, they should be offered at GCSE or IGCSE at grade B or above. Major subjects must include Chemistry or Biology, plus another science and one further subject at Higher Level. |
| | Personal statement | Personal statement not normally used. An electronic non-academic information form will be sent to candidates ahead of interview. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | Work experience is assessed at interview using the electronic non-academic information form and discussion with the candidate. |

| | |
|------------------------|---|
| Widening participation | We make some contextual offers automatically (normally AAB or ABB) for applicants who meet specific WP criteria and for those applicants enrolled on our WP programmes (e.g. MAP/PWAP). We also participate in the UKWPMED scheme. See website for details. |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Manchester School of Medicine](#).

Newcastle University Medical School

MBBS Medicine and Surgery (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 2.1 | 3.8 |
| Number of applicants per place | 6.2 | 12.1 |

| | | Use in selection |
|-------------|---|---|
| Application | Degree qualifications (graduate applicants) | 2.1 Honours degree |
| | Predicted A levels/Scottish Highers | AAA at A level excluding General Studies, Use of Maths, World Development, Communication and Culture and Critical Thinking. No requirement for science subjects. AA at Advanced Higher and AAAAA at Higher. No requirement for science subjects. |
| | GCSEs/Scottish Nationals | No specific requirements. |
| | International Baccalaureate | 38 points with no subject graded less than 5. No requirement for science subjects. |
| | Personal statement | Not used prior or at interview. Read prior to offers being made but is not scored. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews for Home/EU students. Panel interviews for international students. International students can opt to have a Skype interview in their home country or attend a panel interview on campus in Newcastle. |
| | Work experience | Emphasis on applicants being able to show a commitment to caring which can be accomplished in a number of ways other than in a hospital or general practice setting, such as volunteering in an elderly care home, hospice, nursery or helping someone less fortunate. The medical school is also interested in individuals who have shown commitment to working as part of a team over a prolonged period of time in any area, including voluntary, sports, other extra-curricular activities. |

| | |
|------------------------|--|
| Widening participation | Considered throughout the admission process. Newcastle has a PARTNERS scheme and these applicants may attract a slightly lower UCAT threshold for interview. Those made an offer must fulfil the requirements of the summer school and would have received a lower A level conditional offer. See website for details. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Newcastle University Medical School](#).

University of Nottingham School of Medicine

BMBS Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 2 | 2 |
| Number of applicants per place | 10 | 10 |

| | | Use in selection |
|-------------|---|--|
| Application | Degree qualifications (graduate applicants) | 2:1 in any subject and must meet A level requirements. 1st bachelor's or undergraduate master's degree in a relevant subject then no A level requirements. Graduate Masters/PhD* in a relevant subject, then no A level requirements. |
| | Predicted A levels/Scottish Highers | AAA at A level including Biology/ Human Biology and Chemistry. AA Advanced Higher in Biology and Chemistry. AAAAB at Higher including Biology and Chemistry, Maths and English Language. Grade A must be achieved in Biology and Chemistry. |
| | GCSEs/Scottish Nationals | At least six GCSEs at grade 7 (A). including grade 7(A) in Biology, Chemistry, and Physics and Maths are also required at grade 7 (A) with the other being passed at grade 6 (B). A minimum of grade 6 (B) is also required in English language. AAAAAA in Scottish National 5 including the sciences (Biology, Chemistry, Physics), Maths and English Language |
| | International Baccalaureate | 36 points excluding core component with 6,6,6 at Higher Level including Biology and Chemistry. English language is required at either standard level (grade 6) or higher level (grade 5). |
| | Personal statement | We do not score the personal statement but it will be assessed alongside the School reference after interview and before offers are made. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | Work experience is reviewed after interview and before offers are made. Applicants should have ongoing voluntary experience in a caring setting and should try to get some NHS work experience or talk to a doctor about what a career in medicine would be like. Valuable experience can be gained from paid or unpaid jobs that involve working with people. |

| | |
|------------------------|---|
| Widening participation | If an applicant is eligible for the University of Nottingham WP Flag, they may be accepted with predicated grades of AAB with at least one A in either Biology or Chemistry or IB - 35 (6,6,5 at Higher Level including 6 in either Biology or Chemistry, excluding core component) and may be given a corresponding lower contextual offer following interview. |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Nottingham Medical School](https://www.nottingham.ac.uk/medicalschool/).

University of Oxford Medical School

BM BCh Medicine (A100)

6 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 3.5 | 10.7 |
| Number of applicants per place | 8.8 | 24.4 |

| | | Use in selection |
|-------------|-------------------------------------|--|
| Application | Predicted A levels/Scottish Highers | A*AA at A level achieved in one sitting, to include Chemistry, plus at least one of Biology, Physics or Maths. Excluding Critical Thinking or General Studies. AAAAA at Scottish Highers. AA in Advanced Highers including Chemistry and one of Biology, Physics or Maths. |
| | GCSEs/Scottish Nationals | For candidates with GCSEs, the number and proportion of passes at 8/9 (A*) will be used along with the admissions test score in the first stage of shortlisting. Where school performance data are available, GCSE attainment will be measured relative to the average attainment at the candidate's school. Scottish National grades will be considered by admissions tutors alongside all other aspects of the application. |
| | International Baccalaureate | 39 points, including core points, with 7,6,6 at Higher Level. Candidates are required to take Chemistry and a second science (Biology or Physics) and/or Maths to Higher Level. |
| | Personal statement | Considered by admissions tutors alongside all other aspects of the application. Candidates may choose to explain how they meet the selection criteria, which encompass academic fit and personal characteristics that relate to suitability for medicine. |
| | Admissions test | BMAT |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Panel interviews at two colleges. Each shortlisted candidate typically receives a total of four interviews. |
| | Work experience | Considered by admissions tutors alongside all other aspects of the application. Candidates may choose to explain how any experiences they may have had enable them to demonstrate their suitability for medicine. |

| | |
|------------------------|---|
| Widening participation | See websites for details. |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Oxford Medical School](#).

Plymouth University Peninsula Medical School

BMBS Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 1.4 | 2.3 |
| Number of applicants per place | 8.2 | 32.3 |

| | | Use in selection |
|-------------|-------------------------------------|--|
| Application | Predicted A levels/Scottish Highers | A*AA–AAB at A Level to include Biology and one other science from Chemistry, Physics, Maths and Psychology. Please note the AAB offer is influenced by contextual data known at the point of application. |
| | GCSEs/Scottish Nationals | Seven GCSE passes at grades 9–4 (A–C) including English Language, Maths and either GCSE double award Science or two from single award Chemistry, Biology, or Physics. |
| | International Baccalaureate | 36–38 points overall including 6 in Biology and one further science from Chemistry, Physics, Maths, and Psychology at the Higher Level. |
| | Personal statement | Not scored. |
| | Admissions test | UCAT (GAMSAT for graduates) |

| | | |
|-----------|------------------|---------------------------|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | No specific requirements. |

| | |
|------------------------|---|
| Widening participation | The University of Plymouth are committed to Widening Access (WA) and ensuring that all students with the potential to succeed, regardless of their background, are encouraged to apply with us. The additional information gained through contextual data enables our Admissions Advisory Panel to recognise a student's achievements and identify their potential to succeed in the context of their background and experience. Contextual data is consulted when determining to issue an AAB offer. |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Plymouth University Peninsula School of Medicine](https://www.plymouth.ac.uk/peninsula-school-of-medicine).

Queen Mary University, Barts and the London School of Medicine

MBBS Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 2 | 4 |
| Number of applicants per place | 5 | 20 |

| | | Use in selection |
|-------------|---|---|
| Application | Degree qualifications (for graduate applicants) | Applicants with a 2:1 degree in a bioscience subject have no further A level requirements in Biology or Chemistry; if in science subject that does not contain these elements then minimum grade C in Biology or Chemistry is required; if in a non-science degree then minimum grade B in Biology or Chemistry is required plus one other science also at grade B. |
| | Predicted A levels/Scottish Highers | A*AA at A level including Chemistry or Biology and a second science subject (Chemistry, Biology, Physics or Maths). Any third A level can be taken except for Further Maths, General Studies or Critical Thinking. AAA in Scottish Highers, including Biology and Chemistry. Grades AA in Advanced Highers in two of the subjects offered at Scottish Highers, including Chemistry and/or Biology. |
| | GCSEs/Scottish Nationals | 777666 (AAABBB for GCSEs taken before 2015) or above in any order to include Biology (or Human Biology), Chemistry, English Language, and Maths (or Additional Maths or Statistics). |
| | International Baccalaureate | 38 points with a minimum of 6 points in the Higher level science subjects and 6 points in the third Higher level subject. Three subjects are required, including Chemistry or Biology and one other science or mathematical subject at Higher level, and three subjects at Standard level including Chemistry or Biology, if not offered at the Higher level. |
| | Personal statement | The personal statement is assessed as part of the shortlisting process but is not scored. It is used in the interview process for panelists to ask more detailed questions regarding work experience etc. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Panel Interviews |
| | Work experience | Work experience is assessed as part of the shortlisting process but is not scored. Interview panelists will ask about work experience and candidates will be expected to draw on their experiences to answer competency based questions. |

| | |
|------------------------|--|
| Widening participation | Structured schemes in place: Bridge the Gap and Realising Opportunities . All students on these schemes will receive a contextual offer. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Barts and the London School of Medicine and Dentistry](#).

Queen's University Belfast, Medical School

MB BCH BAO Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | – |
| Number of applicants per place | – | – |

| | | Use in selection |
|-------------|---|--|
| Application | Degree qualifications (for graduate applicants) | Full academic background is taken into account. The minimum A level threshold (or equivalent in other qualifications) is ABB at first attempt with 2.1 honours degree, or BBB for those with a First Class Honours degree or PhD. |
| | Predicted A levels/Scottish Highers | AAA at A level and A in a fourth AS level subject including Chemistry plus at least one other from Biology/Maths/Physics or A*AA at A level including Chemistry and Biology/ Human Biology or A*AA at A level including Chemistry and either Maths/Physics and AS level Biology grade B. Advanced Highers required varies from AA–AAA, Chemistry (Grade A) plus a grade A in at least one from Physics, Biology and Maths are required. |
| | GCSEs/Scottish Nationals | GCSE Mathematics minimum grade C/4 and either GCSE Physics minimum grade C/4 or GCSE Double Award Science minimum grades CC/44 are required if these subjects are not offered at AS-level or A-level. |
| | International Baccalaureate | 36 points overall, including 6,6,6 at Higher level. Higher level Chemistry and Biology required. If Physics is not offered as part of the IB then a pass in GCSE Physics or Double Award Science, or equivalent, is required. |
| | Personal statement | Personal Statements are not scored as part of the selection process. There should be evidence of commitment and motivation in the personal statement and it should state explicitly that Medicine is their career choice. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | No specific requirements. Experience encouraged in healthcare-related environments and volunteering. |

| | |
|------------------------|--|
| Widening participation | Applicants who have been educated at a secondary school in Northern Ireland to at least Year 12 will be short-listed on the basis of AS level grades (rather than GCSE performance) plus UCAT results and predicted A level performance. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Queen's University Belfast Medical School](https://www.qub.ac.uk/medicine/mbchbaomedicine).

University of Sheffield Medical School

MB ChB Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 1.9 | 3.3 |
| Number of applicants per place | 7.6 | 19.5 |

| | | Use in selection |
|-------------|---|--|
| Application | Degree qualifications (for graduate applicants) | Applicants with a 2:1 degree in any subject and BBB at A level, including Chemistry or Biology taken in one sitting, will be considered. |
| | Predicted A levels/Scottish Highers | AAA at A level, including Chemistry or Biology, and another science (Biology, Chemistry, Maths, Physics, Psychology), taken in one sitting. Further Maths, Critical Thinking are General Studies not not accepted. AA at Advanced Higher including Chemistry or Biology and another science (Biology, Chemistry, Maths, Physics, Psychology). AAAAB at Scottish Higher. |
| | GCSEs/Scottish Nationals | 77777 (AAAAA) at GCSE. Applicants must have a minimum of 6 (B) in English Language, Maths and Science. Resits are accepted (single resit per GCSE and all resits should be taken in the same sitting). |
| | International Baccalaureate | 36 points overall with 6s in Higher Level subjects (to include Chemistry or Biology and another science subject) and no less than 4 in Standard Level subjects. |
| | Personal statement | Not read or scored. Interest in medicine, work experience /volunteering and outside interests are all explored at interview |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | Interest in what applicants have learned from their work experience. In addition to shadowing a GP or other medical practitioner, there are many other areas related to medicine in which applicants can gain experience, such as care homes or community-based work experience. |

| | |
|------------------------|--|
| Widening participation | Schemes such as Discover Medicine and Realising Opportunities encourage applications from under-represented groups and those who have the ability to become good doctors but would not normally consider this as a serious option. Applications from candidates with different backgrounds and of all ages are encouraged. There are dedicated routes of entry, via UCAS, for students on specific courses at Sheffield Hallam University and the University of Bradford. See website for details. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Sheffield Medical School](#).

University of Southampton Faculty of Medicine

BMBS (BM5) Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 2 | 3 |
| Number of applicants per place | 8 | 20 |

| | | Use in selection |
|-------------|-------------------------------------|--|
| Application | Predicted A levels/Scottish Highers | AAA at A level including Biology and one other science and including a pass in the practical examinations. |
| | GCSEs/Scottish Nationals | All applicants must have a minimum of seven B grades (grade 6) at GCSE , including English language, Mathematics, Biology and Chemistry, Additional Science and Science, or Combined Science (or an equivalent standard in other qualifications approved by the University). |
| | International Baccalaureate | 36 points, with 6,6,6 at Higher Level in three subjects, to include Biology and one other science subject. |
| | Personal statement | Selectors use the personal statement to inform interview questions related to the non-academic criteria if the applicant is invited to attend a Selection Day. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Selection day |
| | Work experience | Completion of formal work experience or volunteering is not required. However, applicants are expected to demonstrate what they have learned from their experiences of interacting with people in health or social care settings (this may include work experience, paid employment and personal experiences both in and outside health and social care settings). |

| | |
|------------------------|--|
| Widening participation | Contextual Offer AAB. See website for details. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Southampton Faculty of Medicine](#).

University of St Andrews Medical School

MB ChB or MBBS Medicine (A100)

6 years (3 years at St Andrews and 3 years at a partner medical school)

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | – |
| Number of applicants per place | – | – |

| | | Use in selection |
|-------------|--|---|
| Application | Degree qualifications (for graduate applicants) | Applicants with a 2:1 honours degree in a science subject, achieved in the last five years, will be considered with a B grade at A level or Advanced Higher Chemistry, and B grades GCSE or National 5 Biology, English and Maths. |
| | Predicted A levels/Scottish Highers/ Scottish Advanced Highers | AAA at A level including Chemistry and one other of Biology, Maths or Physics. AAAAB at Higher in S5 including grade B in Chemistry and one other of Biology, Maths or Physics. In addition, grades BBB at Higher or Advanced Higher in S6 are required. |
| | GCSEs/Scottish Nationals | If Biology, Maths or English are not offered at A2/AS level or Higher/Advanced Higher then each must be offered at GCSE grade B (numerical grade 5) or National 5 grade B. Generally five A grades (numerical grade 7) in GCSE are required at one sitting to be considered for interview. |
| | International Baccalaureate | 38 points. At Higher level, grades 6,6,6 to include Chemistry and one other of Biology, Maths or Physics. At Standard level, grades 6,6,6 to include Maths, Biology, English if not offered at Higher level. |
| | Personal statement | Not scored but health-related work experience required for applicant to be considered for interview. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | Applicants should have gained work or shadowing experience in a caring or health environment. This does not have to be in a hospital or GP surgery but could be in a nursing home or hospice or through working with people who have ill health or disability. |

| | |
|------------------------|---|
| Widening participation | Widening participation applicants may be considered with lower than standard grades. See website for explanation of academic and contextual requirements. St Andrews participates in the Reach scheme . |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of St Andrews Medical School](#).

St George's, University of London

MBBS Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 2 | 3 |
| Number of applicants per place | 7 | 13 |

| | | Use in selection |
|-------------|---|--|
| Application | Degree qualifications (graduate applicants) | Undergraduate degree: 2:1 honours degree in any discipline |
| | Predicted A levels/Scottish Highers | AAA at A level including Chemistry and Biology. AAA at Scottish Higher to include Chemistry and/or Biology. AA at Advanced higher including Chemistry and/or Biology. English Language at Standard Grade 2 or higher is required. |
| | GCSEs/Scottish Nationals | Five subjects graded 6 (B) or above including English Language, Maths, and Science (Double or Triple award). |
| | International Baccalaureate | 36 points in an academic subject (including TOK and EE). 18 points at higher level including minimum grade 6 in Biology and Chemistry. Standard Level: a minimum score of 5 must be attained in Maths and English, if at least a B grade has not previously been attained in GCSE level Maths and English. |
| | Personal statement | Not scored. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | Applicants should be able to reflect on how their work experience helped them to develop some of the attitudes and behaviours essential to being a doctor. The medical school is interested in what the applicant has learned about him/herself and other people, and how care is delivered and received. Applicants are asked to provide further details of their work experience and/or confirmation letters or references for verification. |

| | |
|------------------------|--|
| Widening participation | Applicants who attend a school or college in England which is on our Adjusted Criteria List (i.e. is a non-selective state school with an average A Level grade of D+ or below, or one that is in the bottom 20% in England for progression to Higher Education) may be eligible to receive an adjusted A Level offer of ABB. . See website for details. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [St George's, University of London](#).

University of Sunderland School of Medicine

MB ChB Medicine (A100)

5 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 3 | N/A |
| Number of applicants per place | 4 | N/A |

| | | Use in selection |
|-------------|---|--|
| Application | Degree qualifications (for graduate applicants) | Applicants with a 2:1 degree in any subject will be considered with BBB at A level including Biology or Chemistry plus another science. Graduates who hold a 2:1 degree who do not hold BBB in the required A levels can be considered but will need to have completed GAMSAT. |
| | Predicted A levels/Scottish Highers | AAA at A level, completed within two years and including Chemistry or Biology plus a second science. It is likely that a number of applicants achieving AAB in the subjects listed above will also be admitted. AB at Advanced Higher including Chemistry or Biology. AAAAB at Scottish Higher including Chemistry or Biology plus a second science at grade A. |
| | GCSEs/Scottish Nationals | A minimum of five full GCSEs or equivalent level-2 qualifications at grade 7 (A), with a minimum of grade 6 (B) required in English Language, Maths, and double award science, triple award science or three separate sciences. AAAAA at Scottish National 5, with grade B in English Language, Maths, Biology, Chemistry and Physics. |
| | International Baccalaureate | 35 points from six academic subjects, including Chemistry or Biology plus a second science at Higher Level. Grades of 6,6,6 at Higher Level and 6,6,5 at Standard Level usually required. No grades below 5 are accepted. |
| | Personal statement | Not assessed. Applicants are required to complete a post-application roles and responsibilities form. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews and numeracy test |
| | Work experience | Any work experience that showcases your communication and leadership skills. Attributes such as responsibility and motivation may be demonstrated through working with customers or clients requiring support, assistance or service. |

| | |
|------------------------|--|
| Widening participation | A significant aim of the medical school is to enable applications from less advantaged socio-economic backgrounds and create doctors who are more representative of the population they serve. For students that meet criteria attending and completing the Medicine Summer School will guarantee you a Multiple Mini Interview (MMI), subject to meeting the GCSE, A Level and UCAT requirements. You will still be required to complete the Roles and Responsibilities form. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Sunderland School of Medicine](#).

University College London Medical School

MBBS BSc Medicine (A100)

6 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 3 | 12 |
| Number of applicants per place | 10 | 34 |

| | | Use in selection |
|-------------|---|---|
| Application | Degree qualifications (for graduate applicants) | Applicants with a 2:1 honours may be considered with ABB at A level including Chemistry and Biology. |
| | Predicted A levels/Scottish Highers | A*AA at A level including Biology and Chemistry. A1, A, A at Advanced Higher (or A1, A at Advanced Higher and AAA at Higher) including Chemistry and Biology at Advanced Higher. |
| | GCSEs/Scottish Nationals | English Language and Maths GCSEs are required at grade 6 (B). For UK-based students, a grade 5 (or C) in a Modern Foreign Language (other than Ancient Greek, Biblical Hebrew or Latin) is also required. UCL provides opportunities to meet the foreign language requirement following enrolment. See website for details. |
| | International Baccalaureate | 39 total points. A total of 19 points in three higher level subjects including Biology and Chemistry, each with minimum score 6. No score below 5. |
| | Personal statement | Personal statements are read and priority scored using the following criteria: work experience, motivation to study medicine, evidence of team work, leadership and communication skills, independent learning skills and other interests. |
| | Admissions test | BMAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Our interview process is currently under review. We anticipate using Multiple Mini Interviews for applicants in 2020-21. |
| | Work experience | We would recommend any experience that involves working with other people, building relevant skills or gaining insight into healthcare professions is helpful for your application. Your reflections on what you learnt from your work experience will be assessed via your personal statement, and may also be assessed at interview. |

| | |
|------------------------|--|
| Widening participation | Eligible students who successfully complete the Access UCL scheme will receive a reduced offer of AAB at A Level (to include biology and chemistry at grade A). See website for details. Target Medicine is UCL Medical School's widening participation initiative. The programme includes a Mentoring Scheme, Summer School and Summer Challenge. See website for details. |
|------------------------|--|

University of Central Lancashire Medical School

MBBS Medicine (A100)

5 years

| | Home/European Economic Area | International (non-EEA) |
|------------------------------------|-----------------------------|-------------------------|
| Number of applicants per interview | – | – |
| Number of applicants per place | 38 | 10 |

| | | Use in selection |
|-------------|-------------------------------------|--|
| Application | Predicted A levels/Scottish Highers | AAB at A Level. At least two science subjects to include Chemistry and a third academic subject. |
| | GCSEs/Scottish Nationals | Evidence of sustained academic achievement with a broad study of Science, Maths and English up to 16 years of age. |
| | International Baccalaureate | Higher level 36 points overall (to include Chemistry, an additional science subject and one other subject at Higher Level) and 3 at Standard level, at a minimum of 5 points each. |
| | Personal statement | The personal statement, academic reference and transferable skills statement are used to shortlist applicants for interview. |
| | Admissions test | None |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | Applicants are asked to submit a transferable skills statement, which allows them to reflect on: work experience /shadowing/ voluntary work or experience in a caring role, impact and value of the work undertaken, the level of responsibility taken within this experience. The statement will be the focus for one of the stations in the multiple-mini Interview. |

| | |
|------------------------|---|
| Widening participation | <p>Weighting will be given to widening participation students who apply for UK places on the course. During the application process, all shortlisted applicants for UK places will be invited to complete a widening participation form if they wish to be considered against these criteria.</p> <p>Four regional UK scholarships offering full tuition fees and a maintenance grant are also available.</p> |
|------------------------|---|

| | |
|------------------------|---|
| Additional information | Home applicants to MBBS at UCLan must be resident in the North West of England. The application deadline for international students can be found here . Home students must submit their UCAS application by 15 October. |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Central Lancashire Medical School](http://www.medschools.ac.uk).

Graduate Entry Medicine

This is open to application from those who already have a bachelor's degree. Many universities accept a degree in any subject, but some require the previous degree to be science- or health-related. It is a four-year accelerated degree in most cases, but in some universities it is a five-year course. It is also known as the Graduate Entry Programme.

University of Birmingham Medical School

MB ChB Medicine and Surgery (A101)

4 years

Only open to applicants from the European Economic Area, which includes the UK.

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 9.8 | N/A |
| Number of applicants per place | 21.4 | N/A |

| | | Use in selection |
|-------------|-----------------------------|---|
| Application | Degree qualifications | 2:1 in a life science subject. The degree result is scored and contributes to an application score. The other elements that are scored are indicated. |
| | A levels/Scottish Highers | School-leaving results are scored. One of Biology or Chemistry must be offered. If a school is classified as contextual based on our criteria, the threshold grades for each score band are adjusted. |
| | GCSEs/Scottish Nationals | Where the highest qualification in English or Maths is at GCSE, grade 7 (A) is normally required. Results are not scored. |
| | International Baccalaureate | Higher Level results are scored using an equivalency to A Level grades. |
| | Personal statement | Personal statement is not scored but should provide evidence of commitment to study medicine. |
| | Admissions test | UCAT. A score is allocated based on ranking the total of the scores for the four subtests. The result for the Situational Judgment Test contributes to the scoring at the interview stage. |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | We wish to recognise the development of personal qualities that take place after graduation. Therefore, we allocate a score to the amount of time spent in full-time activity (employment or postgraduate degree/research). Medical-related work experience, per se, does not factor into process of selection for interview. The understanding gained from this work experience will be invaluable in enabling applicants to address the issues presented to them at interview. |

| | |
|------------------------|--|
| Widening participation | When scoring an application contextual data is taken into account relating to secondary school performance. Care leavers will receive compensatory adjustments for both secondary school and degree results. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Birmingham Medical School](http://www.birmingham.ac.uk/medical-school).

University of Cambridge School of Clinical Medicine

MB BChir Medicine (A101)

4 years

Only open to applicants from the European Economic Area, which includes the UK.

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | N/A |
| Number of applicants per place | 11 | N/A |

| | | Use in selection |
|-------------|-----------------------------|---|
| Application | Degree qualifications | At least a 2.1 degree in any discipline. |
| | A levels/Scottish Highers | Academically competitive applicants will generally have at least AAA at A level or equivalent, including an A or A* at Chemistry (passed within seven years of entry), plus A level passes in two of the following: Physics, Biology, Maths. |
| | GCSEs/Scottish Nationals | No specific requirements. |
| | International Baccalaureate | Academically competitive applicants will generally have at least 36 points with 6,6,6 at Higher level including Chemistry and two of the following at Higher or Standard level: Physics, Biology, Maths. Those who do not hold these grades should be aware that their application will be in direct competition with those who do. |
| | Personal statement | Personal statement is reviewed prior to interview but not scored. |
| | Admissions test | None. |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | Medical/healthcare experience as a paid or volunteer worker in the private or public healthcare industry and the shadowing of medical professionals in hospital/GP practice. Varied and consistent hands-on patient care along with experience working within an NHS environment is favoured. |

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Cambridge, School of Clinical Medicine](https://www.cam.ac.uk/clinical-medicine).

Cardiff University School of Medicine

Medicine: Graduate Entry MBBCh (A101/A102)

4 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | N/A |
| Number of applicants per place | – | N/A |

| | | Use in selection |
|-------------|-----------------------------|--|
| Application | Degree qualifications | This is a specific four-year programme for applicants enrolled on one of our four Feeder Stream degree courses in Wales. Applicants must achieve at least a 2.1 Honours degree. See website for details. |
| | A levels/Scottish Highers | Applicants are required to achieve a 2:1 (upper second class) in first degree and BBB/ABC at A Level. A pass in the science practical is normally required. |
| | GCSEs/Scottish Nationals | 9 GCSE's including GCSE Maths and English Language grade 6 (B), 66 (BB) in Double Science, or 66 (BB) in Biology and Chemistry. |
| | International Baccalaureate | Overall of 32 points excluding theory of knowledge and extended essay. Two science subjects from Chemistry, Biology, Physics and either Mathematics or Statistics, but not Mathematical Studies at HL, with 6 being achieved in either Chemistry or Biology. Chemistry or Biology must be offered at SL with score of 7, if not at HL. Physics must be offered at GCSE if not at HL or Subsidiary Level. If Maths and English Language are not offered within the diploma they should be offered as GCSE subjects with at least grade B. |
| | Personal statement | Evidence of: insight into a career in medicine, experience and reflection of personal responsibility, experience and reflection in a caring environment, a balanced approach to life, evidence of self-directed learning, a sense of social awareness; positive references. |
| | Admissions test | GAMSAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | The university recognises that opportunities for work experience will vary according to individual circumstances. Applicants are to showcase an appreciation of the length of the training programme and the career structure. |

| | |
|------------------------|---|
| Widening participation | The Feeder Stream accelerated entry programmes have been developed as part of Cardiff University's commitment to widening access to medicine, enabling a small number of selected students within specific programmes to join the feeder stream, taking on additional modules and graduating from these programmes with a first or 2.1 honours degree, to enter the second year of the five-year A100 medical programme. See website for details. |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Cardiff University School of Medicine](#).

King's College London School of Medical Education

MBBS Medicine (A102)

4 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | – |
| Number of applicants per place | – | – |

| | | Use in selection |
|-------------|-----------------------------|---|
| Application | Degree qualifications | Either a minimum 2.1 (upper second class honours) undergraduate degree (or international equivalent) in a Biosciences subject, or a minimum 2.1 undergraduate degree in Nursing and A level Chemistry at grade A, subject to the degree in nursing covering sufficient life sciences. |
| | A levels/Scottish Highers | There are no specific A level requirements (except for nursing graduates). |
| | GCSEs/Scottish Nationals | There are no specific GCSE requirements. |
| | International Baccalaureate | There are no specific IB requirements. |
| | Personal statement | Personal statements are used as part of the interview shortlisting process. We are not able to consider applicants whose personal statements are not focused on Medicine. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | We would normally expect that applicants will have undertaken some voluntary work experience in a caring/health environment and/or observation in a medical clinical setting. It is important for applicants to have a realistic appreciation of what a career as a health professional involves. |

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [King's College London School of Medical Education](https://www.kcl.ac.uk/medicine/mbbs).

University of Liverpool School of Medicine

MB ChB Medicine and Surgery (A101)

4 years

Only open to applicants from the European Economic Area, which includes the UK.

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 2.9 | N/A |
| Number of applicants per place | 12 | N/A |

| | | Use in selection |
|-------------|-----------------------------|--|
| Application | Degree qualifications | A minimum upper second class honours degree in a Biological, Biomedical, or Health Science subject. Dental graduates must already hold MJDF (Portfolio plus Part 1 and Part 2 exams). Dental graduates who hold a BDS degree from outside the EU will need ORE/LDS. BDS degrees will need to be registered with the General Dental Council. |
| | A levels/Scottish Highers | BBB at A level including Chemistry together with either Biology, Physics or Mathematics |
| | GCSEs/Scottish Nationals | English Language and Maths at a minimum of grade C/grade 4 equivalent. |
| | International Baccalaureate | 32 points to include 3 subjects at higher level; at least 5 in both Higher level Chemistry and one other Higher Level science to include Biology, Maths or Physics. |
| | Personal statement | The personal statement will not be used in making the decision to invite to interview but will be assessed at interview. |
| | Admissions test | GAMSAT |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Yet to be confirmed for entry in 2021. |
| | Work experience | No specific work experience is stated but applicants must be able to demonstrate our non-academic criteria which will be assessed at interview. |

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Liverpool School of Medicine](http://www.liverpool.ac.uk/schoolofmedicine).

Newcastle University Medical School

MBBS Medicine (A101)

4 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 9 | 7 |
| Number of applicants per place | 34 | 2.3 |

| | | Use in selection |
|-------------|-----------------------------|--|
| Application | Degree qualifications | 2.1 achieved in any previous degree, or integrated master's or be a practising healthcare professional with a post-registration qualification. |
| | A levels/Scottish Highers | Not scored. |
| | GCSEs/Scottish Nationals | Not scored. |
| | International Baccalaureate | Not scored. |
| | Personal statement | Not used prior or at interview. It is consulted prior to offers being made but is not scored. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | Emphasis on applicants being able to show a commitment to caring, which can be accomplished in a number of ways other than in a hospital or general practice setting, for example by volunteering in an elderly care home, hospice, nursery or helping someone less fortunate. |

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Newcastle University Medical School](http://www.newcastle.ac.uk/medicine).

University of Nottingham Medical School

BMBS Medicine and Surgery (A101)

4 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | – |
| Number of applicants per place | – | – |

| | | Use in selection |
|-------------|-----------------------------|---|
| Application | Degree qualifications | Minimum 2.2 expected in previous degree in any subject. Students are able to apply during the final year of study and conditional offers are made if successful. |
| | A levels/Scottish Highers | Not scored. |
| | GCSEs/Scottish Nationals | Not scored. |
| | International Baccalaureate | Not scored. |
| | Personal statement | Personal statements are not scored, ranked or used to determine who is invited to interview. Personal statements are read routinely following the interview cycle. |
| | Admissions test | GAMSAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | Applicants are expected to obtain some relevant work experience in a caring role that involves people who are unwell, disabled and/or disadvantaged. The experience does not need to be gained in a hospital setting and can be voluntary/paid and part or full-time. Although it is useful to have shadowed doctors, this is not essential, as a great deal can be learnt about the role by talking to doctors and other members of the multidisciplinary team. Applicants will be expected to complete a questionnaire. |

| | |
|------------------------|--|
| Widening participation | See website for details. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Nottingham Medical School](#).

University of Oxford Medical School

BM BCh Medicine (A101)

4 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | – |
| Number of applicants per place | – | – |

| | | Use in selection |
|-------------|-----------------------------|--|
| Application | Degree qualifications | Previous degree in applied or experimental science, including Engineering. A 2.1 or above is expected. |
| | A levels/Scottish Highers | At least two sciences at A levels including Chemistry. |
| | GCSEs/Scottish Nationals | If degree is not in Biosciences, then Biology or Double Science at GCSE is required. |
| | International Baccalaureate | At least two sciences at Higher level including Chemistry. |
| | Personal statement | Considered alongside other application materials including the course-specific online Oxford Application Form, UCAS application, and references. |
| | Admissions test | BMAT |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Panel interviews |
| | Work experience | The admissions tutors will look for significant experience of health or social care settings either in the NHS or elsewhere. This may include work experience placements or voluntary work. The admissions tutors will also look for engagement in activities either within or outside of medicine where communication, relationships and empathy are evidently required. |

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Oxford Medical School](https://www.oxford.ac.uk/medical-school).

Queen Mary University, Barts and the London School of Medicine

MBBS Medicine (A101)

4 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 7 | 15 |
| Number of applicants per place | 34 | 45 |

| | | Use in selection |
|-------------|-----------------------------|--|
| Application | Degree qualifications | <p>Applicants may apply in the final year of their degree and must be predicted/achieved at least an upper second class honours degree (or equivalent) in any subject. Degrees are divided into three categories.</p> <ul style="list-style-type: none"> Bioscience degrees which contain sufficient Biology and Chemistry – no further A or AS level requirements. For science degrees which lack Biology or Chemistry, candidates must have a minimum A or AS level grade C for Biology and/or Chemistry (depending on what is missing in the degree). For non-science degrees, candidates must have a minimum B grade in A or AS level Chemistry or Biology, plus one other science also at grade B. Accepted science subjects are Biology, Chemistry, Physics, Maths, and Psychology. You may apply with achieved or predicted grades. <p>Degrees must be completed in the natural length intended for the qualification (generally three years for Bachelors and four years for integrated Masters).</p> |
| | A levels/Scottish Highers | Please see above, depending on degree. |
| | GCSEs/Scottish Nationals | Not scored. |
| | International Baccalaureate | Not scored. |
| | Personal statement | Personal statements are not given a score but will be assessed to see a genuine interest in medicine and outline any work experience undertaken. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Assessment centre including a panel interview |
| | Work experience | Work experience is assessed as part of the shortlisting process but is not scored. Interview panelists will ask about work experience and candidates will be expected to draw on their experiences to answer competency based questions. |

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Barts and the London School of Medicine](#).

University of Sheffield Medical School

MB BCh Medicine (A101)

4 years

This degree is open to those who meet specific widening participation criteria.

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 5.5 | N/A |
| Number of applicants per place | 15.3 | N/A |

| | | Use in selection |
|-------------|-----------------------------|---|
| Application | Degree qualifications | An upper second class or first class Bachelor's degree in an appropriate life sciences subject. Master's degrees or doctoral degrees are not considered. |
| | A levels/Scottish Highers | <p>BBB at A level, one of which must be Chemistry or Biology, taken in one sitting. Further Maths, Critical Thinking and General Studies are not accepted.</p> <p>AAAAB in Scottish Highers and BB in Advanced Level, including Chemistry or Biology. Resits are accepted (single resit per A level or Scottish Higher/Advanced Higher) and all resits should be taken in the same sitting.</p> <p>Where a graduate applicant has BBB or better at A level but the pre-degree A levels do not include Chemistry or Biology, we will consider the application if the candidate has taken A level Chemistry or Biology after their Bachelor's degree and achieved (or is predicted to achieve) a grade B or higher.</p> |
| | GCSEs/Scottish Nationals | Grade 4 (C) or higher at GCSE English Language. Applicants holding iGCSE English as a Second Language or Edexcel iGCSE English Language B are required to hold a grade B or higher. |
| | International Baccalaureate | 32 points overall with 5s in Higher Level subjects (to include Chemistry or Biology) and no less than four in Standard Level subjects. |
| | Personal statement | Not read or scored. Interest in medicine, work experience/volunteering and outside interests are all explored at interview. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | Interest in what applicants have learned from their work experience. In addition to shadowing a GP or other medical practitioner, there are many other areas related to medicine in which applicants can gain experience, such as care homes or community-based work experience. |

| | |
|------------------------|---|
| Widening participation | This programme is only open to Home students who come from widening participation backgrounds. See website for details. |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Sheffield Medical School](#).

University of Southampton Faculty of Medicine

BMBS (BM4) Medicine (A101)

4 years

Only open to applicants from the European Economic Area, which includes the UK.

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 5 | N/A |
| Number of applicants per place | 20 | N/A |

| | | Use in selection |
|-------------|-----------------------------|---|
| Application | Degree qualifications | 2.1 achieved in previous degree in any subject. |
| | A levels/Scottish Highers | N/A |
| | GCSEs/Scottish Nationals | All applicants must have a minimum grade C (grade 4) in GCSE mathematics, English Language and either Chemistry and Biology, or Science and Additional Science, or Combined Science (or an equivalent standard in other qualifications approved by the University). |
| | International Baccalaureate | N/A |
| | Personal statement | Selectors use the personal statement to inform interview questions related to the non-academic criteria if the applicant is invited to attend a Selection Day. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Selection day |
| | Work experience | Completion of formal work experience or volunteering is not required. However, applicants are expected to demonstrate what they have learned from their experiences of interacting with people in health or social care settings (this may include work experience, paid employment and personal experiences both in and outside health and social care settings). |

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Southampton Faculty of Medicine](http://www.southampton.ac.uk/facultyofmedicine).

ScotGEM (University of Dundee and University of St Andrews)

MB ChB Medicine (A101) 4 years

Only open to applicants from the European Economic Area, which includes the UK.

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | N/A |
| Number of applicants per place | – | N/A |

| | | Use in selection |
|-------------|-----------------------------|--|
| Application | Degree qualifications | 2.1 or first class honours degree (or equivalent), achieved or predicted. Applicants will not be considered if their first degree does not meet this requirement, even if they subsequently gain further degrees (Bachelor's, Master's or PhD). Honours degrees in any discipline will be accepted. Applicants who are on, or have been on, a medical degree course will not be considered, including any intercalating degree. |
| | A levels/Scottish Highers | Grade B or above in Chemistry at A level or Scottish Higher. |
| | GCSEs/Scottish Nationals | GCSE Maths at grade B or above; or Standard Grade credit 1 or 2; or Intermediate 2 grade A or B; or National 5 grade B or above. |
| | International Baccalaureate | Higher Level Chemistry grade 5 or above and Standard Level Maths grade 5. |
| | Personal statement | Not scored but health-related work experience required. Applicants also required to fill out online questionnaire with more details of relevant experience. |
| | Admissions test | GAMSAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | Work experience should be achieved in a health situation with people who may be ill, disabled, elderly or by shadowing a doctor at work. The main aim of work experience is to gain insight into health and healthcare delivery and to allow candidates to make an informed choice before deciding to apply to study medicine. Medically related work experience is not scored but instead forms part of the discussions at interview. |

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [ScotGEM](#). This course is run as a partnership between the universities of Dundee and St Andrews.

St George's, University of London

MBBS Medicine (A101)

4 years

Only open to applicants from the European Economic Area, which includes the UK.

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 3.5 | N/A |
| Number of applicants per place | 16 | N/A |

| | | Use in selection |
|-------------|-----------------------------|---|
| Application | Degree qualifications | Minimum 2:1 honours degree in any subject OR a postgraduate degree (any discipline) at a pass or above. |
| | A levels/Scottish Highers | Not scored. |
| | GCSEs/Scottish Nationals | Not scored. |
| | International Baccalaureate | Not scored. |
| | Personal statement | Not scored. |
| | Admissions test | GAMSAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | At interview, you will be required to demonstrate that you have gained voluntary/work experience in a medical or health related field and demonstrate a broad awareness of the scope of medicine. Applicants should be able to reflect on how their work experience helped them to develop some of the attitudes and behaviours essential to being a doctor. The medical school is interested in what the applicant has learned about him/herself and other people, and how care is delivered and received. Applicants are asked to provide further details of their work experience and/or confirmation letters or references for verification. |

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [St George's, University of London](https://www.stgeorges.ac.uk).

Swansea University Medical School

MB BCh Medicine (A101)

4 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 3.3 | 3.3 |
| Number of applicants per place | 9.5 | 6.8 |

| | | Use in selection |
|-------------|-----------------------------|---|
| Application | Degree qualifications | Minimum 2.1 in previous degree in any subject or either a merit in an integrated undergraduate master's degree or 2.2 in previous degree if also attained a postgraduate master's or PhD. |
| | A levels/Scottish Highers | Not scored. |
| | GCSEs/Scottish Nationals | English and Maths at grade C or equivalent. |
| | International Baccalaureate | Not scored. |
| | Personal statement | Not scored but discussed at interview. |
| | Admissions test | GAMSAT |

| Interview | Interview method | Thirty-minute written test and two twenty-minute panel interviews. |
|-----------|------------------|---|
| | Work experience | Emphasis on quality of reflection and what has been learnt rather than amount of experience. Explored at interview. |

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Swansea University Medical School](http://www.swansea.ac.uk/medical-school).

University of Warwick Medical School

MB ChB Medicine (A101)

4 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 3.6 | N/A |
| Number of applicants per place | 8.4 | 7.7 |

| | | Use in selection |
|-------------|-----------------------------|---|
| Application | Degree qualifications | Minimum of 2.1 achieved in any subject. |
| | A levels/Scottish Highers | Not scored. |
| | GCSEs/Scottish Nationals | Not scored. |
| | International Baccalaureate | Not scored. |
| | Personal statement | Not scored. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | <p>A minimum of 70 hours of work experience across the three years up until the application deadline is required. Applicants must have undertaken at least two different experiences with no single experience counting for more than 50 hours against the minimum of 70 hours. Experiences must be with patients or people with healthcare needs. At least one experience needs to be hands on. Shadowing in a clinical setting is acceptable, but can only count for 20 hours against the minimum of 70 hours.</p> <p>Work experiences are explored at interview.</p> |

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Warwick Medical School](https://www.warwick.ac.uk/medschool/mbchb).

Medicine with a Preliminary Year

This course takes the form of either a five-year Standard Entry Medicine with an additional year at the start, making a six-year course, or sometimes the preliminary year is taken as a standalone one-year course.

This course is designed for those who achieved highly at A level, or equivalent, but who did not take the required science subjects. This extra year gives students the necessary science training to catch up. It is not a means of boosting the grades of those who do not meet the entry requirements of Standard Entry Medicine.

Cardiff University School of Medicine

MB BCh Medicine (A104)

6 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | – |
| Number of applicants per place | 11.2 | 11.2 |

| | | Use in selection |
|-------------|---|--|
| Application | Degree qualifications (for graduate applicants) | Minimum 2.1 honours degree. |
| | Predicted A levels/Welsh Baccalaureate | AAA at A Level (for students who did not study sufficient science subjects). This Programme is for those students who do not have the depth of science subject specialism. It is not intended for applicants who have taken but failed to achieve the necessary grades in subjects required for entry into the A100 Programme. The Welsh Baccalaureate Advanced Skills Challenge Certificate will be accepted in lieu of one A-Level (at the grades listed above), excluding any specified subjects. |
| | GCSEs | 9 GCSE's including GCSE Maths and English Language grade B or 6, BB or 66 in Double Science or BB/66 in 2 out of the 3 separate Sciences. If Welsh Language is offered, it must also be supplemented with English Language at a minimum of a grade 6 (B). |
| | International Baccalaureate | IB Diploma with an overall score of 36 points excluding Theory of Knowledge and the Extended Essay and with a minimum of 19 at HL including 7,6,6 in 3 HL subjects. |
| | Personal statement | Non-academic criteria assessed: medical motivation and awareness of the career; sense of responsibility; evidence of a balanced approach to life; evidence of self-directed learning and extracurricular activities; caring ethos and a sense of social awareness; referee's report. |
| | Admissions test | UCAT (GAMSAT for graduates) |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | The university recognises that opportunities for work experience will vary according to individual circumstances. Applicants are to showcase an appreciation of the length of the training programme and the career structure. |

| | |
|------------------------|---|
| Widening participation | The academic and non-academic attainment of a candidate will be reviewed against educational performance data and socio-economic background to provide an overview of an applicant's potential. The medical school will consider this information when deciding whether to call a candidate for interview. See website for details. |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Cardiff University School of Medicine](#).

University of Manchester Medical School

MB ChB Medicine (A104)

6 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | – |
| Number of applicants per place | – | – |

| | | Use in selection |
|-------------|-------------------------------------|--|
| Application | Predicted A levels/Scottish Highers | AAA in either three arts/humanities subjects or two arts/humanities subjects and one science subject. Four Highers at grades AAAA by the end of Secondary 5. Grades should be achieved in the same sitting at first attempt. At least two Advanced Highers at grades AA are required, attained by the end of Secondary 6. |
| | GCSEs/Scottish Nationals | At least seven GCSEs at grade A (7) or A* (8+). English Language, Maths and at least two science subjects are required at GCSE minimum grade B. If Dual Award Science or Core and Additional Science are offered, the minimum required is BB. |
| | International Baccalaureate | 36 points are required overall to include core points with at least 6,6,6 at Higher level. If Maths and English Language are not offered as part of the Diploma, they should be offered at GCSE or IGCSE at grade B or above. Higher level subjects should include either three arts/humanities subjects or two arts/humanities subjects and one science subject. |
| | Personal statement | Personal statement no longer used in assessment. Electronic non-academic information form is used instead. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | We require applicants to undertake some relevant work experience prior to application in order that they can gain some insight into what the role of a doctor involves. Shadowing doctors in a hospital/GP setting is not essential or considered to be a substitute for hands-on caring work experience. |

| | |
|------------------------|--|
| Widening participation | Widening participation applicants with a contextual data flag are identified through the UCAS application and given a lower UCAT threshold, but not a lower offer after interview. See website for details. Manchester Access Programme (MAP), a targeted work experience scheme in Preston (PWAP) and automatic contextual offers (AAB) are available for candidates who meet specific WP criteria. See website for details. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Manchester Medical School](#).

Medicine with a Gateway Year

These medical degrees are designed for those who are of high ability but who may be coming from situations where they have had barriers to their learning.

The courses can take this into account in different ways, for instance by using 'adjusted criteria' to change the entry requirements for applicants from low-participation areas.

University of Aberdeen Medical School

Gateway2Medicine (A1A1)

1 year (allows progression to MBChB)

Only open to Scottish domiciled applicants only who fulfil eligibility criteria.

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | N/A |
| Number of applicants per place | – | N/A |

| | | Use in selection |
|-------------|--------------------|--|
| Application | Scottish Highers | A minimum of four Highers at AABB over one or two sittings include two sciences. National Certificate Level 6 Applied Sciences Group award, to be achieved with 18 credits plus a science Higher at grade A achieved over one academic session and accompanied by a reference from course tutor. |
| | Scottish Nationals | English and Maths at grade B and a combination of grades A and B passes, especially in science. |
| | Personal statement | Personal statements are reviewed prior to interview but not scored. May be assessed at interview. |
| | Admissions test | UCAT may be sat before or at the end of the course. |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple-mini interviews. |
| | Work experience | Applicants are expected to have taken steps to gain an understanding of medicine as a career and their suitability for that career. Students will complete a credit bearing work experience module as part of the course. |

| | |
|------------------------|--|
| Widening participation | <p>Applicant resident in SIMD20, or young person who is care experienced, or meets minimum of three out of nine the following criteria:</p> <ul style="list-style-type: none"> • Applicant comes from one of Scotland’s REACH schools • First generation applicant to higher education • Applicant is a young person who is formally classed as a carer • Applicant eligible for free school meals at any point in secondary education • Applicant lives in an area that is considered to be (4) Remote Small Town (5) Very Remote Small Town, (7) Remote Rural, (8) Very Remote Rural as classified by the Scottish Government 8 fold Urban Rural Classification (URC) • Applicant is estranged from their family • Applicant is eligible for the Educational Maintenance Award • Applicant can provide verifiable independent evidence (e.g. from School Head Teacher) of severe sustained hardship that is not reflected in current SIMD categorisation • Prior to secondary school, the applicant was not schooled in English <p>See website for details.</p> |
|------------------------|--|

To confirm this information, see details on the course’s entry requirements, and learn more about the course itself, see its webpage: [University of Aberdeen Medical School](#).

University of Bristol Medical School

MB ChB Gateway to Medicine (A108)

Only open to UK applicants who meet specific widening participation criteria.

6 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | - | N/A |
| Number of applicants per place | - | N/A |

| | | Use in selection |
|-------------|-------------------------------------|---|
| Application | Predicted A levels/Scottish Highers | GCE A levels BBC with B in either Chemistry or Biology. Applicants with predicted or achieved grades of AAB or above, or with A in Chemistry, are not eligible for this course. |
| | GCSEs/Scottish Nationals | 4 (C) in GCSE Maths or equivalent (Standard numeracy requirement) and 4 (C) in GCSE English or equivalent (Standard literacy requirement). Further information about GCSE requirements and profile levels. |
| | International Baccalaureate | 29 overall including 5 at Higher Level in Biology or Chemistry. Applicants with predicted or achieved grades of 33 overall including 16 at Higher Level, or with Chemistry at 6 are not eligible for this course. |
| | BTEC offer | DMM in Applied Sciences, Medical Sciences or Health and Social Care (Science pathway). Applicants who are taking BTEC plus A-level Chemistry are not eligible for this course. |
| | Personal statement | Personal statement is not scored. May be used to differentiate between candidates with identical scores after interview stage. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | All applicants should have some practical work experience in their chosen career field in order to show their commitment to the course and career, and as a basis for questions at interview. This does not necessarily have to include clinical experience (ie. hospital, GP or animal clinic based) and can include work placements undertaken as part of a relevant course or as independent voluntary work. There is no minimum number of hours or weeks required, although a minimum of at least 5 days is recommended. |

| | |
|------------------------|---|
| Widening participation | Please note that the Gateway programme is a University of Bristol widening participation initiative open to applicants from specific state schools and colleges in England and Wales, Northern Ireland and Scotland only. Students must fulfil a variety of widening participation criteria. See website for details. |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Bristol Medical School](#).

University of Bradford
 Foundation in Clinical Sciences/Medicine (B991)
 1 year (allows progression to Sheffield MBChB)

Only open to applicants that meet specific widening participation criteria.

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | N/A |
| Number of applicants per place | – | N/A |

| | | Use in selection |
|-------------|-------------------------------------|---|
| Application | Predicted A levels/Scottish Highers | To include at least two A levels minimum grade C. No more than 12 points from Key Skills or any other scheme can count towards the total UCAS tariff points. 106 UCAS tariff points from an Access to Higher Education Diploma. There are no specific subject requirements. |
| | GCSEs/Scottish Nationals | GCSE English, Maths, Biology and Chemistry (or Dual Award Science) at grade 4 (C). |
| | International Baccalaureate | 104 UCAS tariff points to include 2 HL subjects at grade 5 plus HL 3 or SL 4 in Maths and English Language and Literature A or English B. |
| | Personal statement | Required as part of UCAS application. |
| | Admissions test | N/A |

| | | |
|-----------|------------------|---|
| Interview | Interview method | As part of the selection process, shortlisted candidates are invited to a Selection day prior to making offers. |
| | Work experience | – |

| | |
|------------------------|---|
| Widening participation | <p>Entry onto the Clinical Sciences course, either directly or via a foundation year, allows students a unique and exciting opportunity to study science and health studies, and which can lead to a career in medicine, the healthcare sciences and other healthcare professions.</p> <p>This collaborative course provides an opportunity for widening participation students to enter the MBChB programme at Sheffield Medical School. Students must achieve an average for the year of at least 70%, (including 70% in Chemistry in the Foundation year) and no failed assessments. They must also meet the Sheffield UCAT threshold and meet at least 2 of the widening participation criteria. See website for details.</p> |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Bradford](http://www.universityofbradford.ac.uk).

University of Dundee School of Medicine

MB ChB Gateway to Medicine (A104)

6 years

Only open to applicants from the European Economic Area, which includes the UK.

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | N/A |
| Number of applicants per place | – | N/A |

| | | Use in selection |
|-------------|---|---|
| Application | Degree qualifications (for graduate applicants) | A minimum of an upper second class honours degree in a non-science subject is required to allow consideration. |
| | Predicted A levels/Scottish Highers | <p>Widening Access applicants</p> <p>BBC at A-Level (A2), to include chemistry and another science subject.</p> <p>ABBB / BBBB grades at Higher, to include chemistry and another science subject.</p> <p>The other three Highers can be your own choice and this will not influence assessment.</p> <p>Applicants with a non-science background</p> <p>AAA grades at A level (A2), to include no more than one science subject excluding chemistry.</p> <p>AAAAB grades at Higher, to include no more than one science subject, excluding chemistry.</p> |
| | GCSEs/Scottish Nationals | Previous achievement will be taken into account. |
| | International Baccalaureate | 37 points, to include 6,6,6 at Higher level. Subjects at Higher level should include no more than one science and exclude Chemistry. Plus three subjects at Standard Level with an average of grade 6. |
| | Personal statement | Not scored but considered at interview. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | Desirable. Widening access applicants provided with opportunities to gain this via MedicInsight. |

| | |
|------------------------|--|
| Widening participation | See website for details. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Dundee School of Medicine](#).

Edge Hill University Medical School

Foundation Year for Medicine (A110)

1 year (allows progression to MBChB)

Only open to UK applicants that meet specific widening participation criteria.

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 2 | N/A |
| Number of applicants per place | 6.4 | N/A |

| | | Use in selection |
|-------------|-------------------------------------|---|
| Application | Predicted A levels/Scottish Highers | <p>To be eligible to apply applicants must have lived in the North West of England and have attended a non-selective state secondary school for GCSEs, where the Attainment 8 score is below the national average.</p> <p>Grades BBB at A level are required. These must include Biology and Chemistry and one other subject.</p> <p>While Biology and Chemistry are both required at grade B or above, where grade A or A* is achieved in either Biology or Chemistry (or both Biology and Chemistry), the third A level subject will be accepted at grade C or above.</p> |
| | GCSEs/Scottish Nationals | At least five GCSEs at grade B or grade 6 or above (or equivalent) are required at the time of application, including Biology, Chemistry, English Language and Maths. GCSE Double Science Awards, at grades 6,6 or BB or above, will also be accepted in lieu of separate GCSEs in Biology and Chemistry. |
| | International Baccalaureate | 32 points to include Chemistry and Biology at Higher Level and one other subject at Higher Level and three standard level subjects. Each subject must be passed with a minimum of 5 points. |
| | Personal statement | The personal statement and reference will be used to distinguish between borderline applicants. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | No specific work experience is required, but students are asked to draw on personal experience as part of the Multiple Mini Interviews (MMIs). This could include work experience. |

| | |
|------------------------|--|
| Widening participation | The MBChB Medicine with Foundation Year is a widening participation initiative for local students. To be eligible to apply applicants must live in the North West of England and have attended a non-selective state secondary school for GCSEs, where the Attainment 8 score is below the national average. In addition, applicants must meet aspects of our specified criteria. See website for details. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Edge Hill University Medical School](#).

University of East Anglia, Norwich Medical School

MBBS Medicine (A104)

6 years

Only open to applicants that meet specific widening participation criteria.

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 2.3 | N/A |
| Number of applicants per place | 7.5 | N/A |

| | | Use in selection |
|-------------|-------------------------------------|--|
| Application | Predicted A levels/Scottish Highers | A Level BBB or ABC in any subjects, excluding General Studies and Critical Thinking. All science A levels must include a pass in the practical element. Scottish Advanced Highers: CCC BTEC BTEC Level 3 Extended Diploma (QCF): DDM in any subject, excluding BTEC Public Services, BTEC Uniformed Services and BTEC Business Administration. |
| | GCSEs/Scottish Nationals | Six GCSEs at grade B/6 or above, including English Language, Mathematics and either a single science subject (Biology, Chemistry or Physics) or double science. |
| | International Baccalaureate | 32 overall including 3 subjects at Higher level 5 in any subject. |
| | Personal statement | This is reviewed but not scored. During the interview process, the personal statement forms the basis of a discussion. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | Work experience is considered at interview. Candidates are advised to undertake people focused work experience and be prepared to discuss how this has informed their decision to study medicine. |

| | |
|------------------------|---|
| Widening participation | This is a specific widening participation programme that is looking at applicants' potential. It may be that the applicants' family circumstances or educational opportunities have not given them a fair chance to realise their academic potential. For a proportion of applicants, initial contact is made by the school's residential programme which is run in the Spring half term. Applicants from local widening participation schools are invited to apply to this programme to get an experience of what it is like to come to university and to study medicine. See website for details. |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Norwich Medical School](#).

University of Glasgow School of Medicine
 Glasgow Access Programme (GAP) (A900)
 1 year (allows progression to MBChB)

Only open to applicants that meet specific widening participation criteria.

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 2 | N/A |
| Number of applicants per place | 3 | N/A |

| | | Use in selection |
|-------------|-------------------------------------|--|
| Application | Predicted A levels/Scottish Highers | Minimum of Scottish Higher of AABB* (allowance may be given for individual circumstances) or equivalent from S5 (with preference given to those with Higher Chemistry and Biology and one from Physics or Maths). Candidates in S6 will be expected to pass all courses undertaken in their S6 programme of study, with a minimum of grade C in Advanced Highers, and would be required as a condition within any offer. |
| | GCSEs/Scottish Nationals | – |
| | Personal statement | Not used as a selection tool. |
| | Admissions test | None |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Panel Interview |
| | Work experience | There is no mandatory requirement for medical work experience, but candidates must have a sound understanding of the role and responsibilities of medical professionals. |

| | |
|------------------------|---|
| Widening participation | <p>As the programme is funded by the Scottish government as part of the national widening participation directive, candidates are required to be identified within one of the following categories:</p> <p>Applicant is resident in an area with a postcode which falls within the lowest 20% of the Scottish index of multiple deprivation (SIMD0-20).</p> <p>Applicant is a young person who is care experienced (young person in care/ care leaver).</p> <p>Applicant has completed the Reach Programme as a participant in the Remote and Rural Island Cluster.</p> <p>See website for details.</p> |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Glasgow School of Medicine](#).

Hull York Medical School

Medicine with a Gateway Year (A101)

6 years

Open only to applicants that meet specific widening participation criteria.

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 3.5 | N/A |
| Number of applicants per place | 9 | N/A |

| | | Use in selection |
|-------------|-------------------------------------|---|
| Application | Predicted A levels/Scottish Highers | BBC at A level (with B in Biology and Chemistry). Scottish Highers – please contact the medical school. BTEC: DMM in Extended National Diploma in Applied Science. Conditions apply to all of these entry requirements. See website for details. |
| | GCSEs/Scottish Nationals | Five GCSEs at grades 9–4 (A*–C) or equivalent, and including English Language and Maths. |
| | International Baccalaureate | 29 points with 14 at Higher Level to include Biology and Chemistry at 5. |
| | Personal statement | Screened but not scored; may be used in borderline decisions. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | No prescribed experience required but applicants should try to obtain a realistic understanding of the demands of medical training and practice. Applicants may find it useful to get some experience in a range of caring situations, observing or working alongside healthcare staff, in either voluntary or paid capacity. |

| | |
|------------------------|---|
| Widening participation | <p>The programme is a Widening Participation initiative. Applicants must fulfil one of the following two Widening Participation requirements: 1) You are a Care Leaver or 2) You fulfil 2 out of 3 of the following contextual data criteria:</p> <ul style="list-style-type: none"> Your home postcode is in an area of low participation (POLAR quintile 1 or 2) None of your parents have any higher education qualifications, such as a degree, diploma or certificate of higher education. You applied for and received the UCAT Bursary <p>Although applications from anywhere in the UK will be accepted, we will prioritise those from the Hull York Medical School area at all stages of the application process. For full details on criteria, please see the website.</p> |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Hull York Medical School](#)

King's College London School of Medical Education MBBS Extended Medical Degree Programme (A101)

6 years

Only open to applicants from the European Economic Area, which includes the UK.

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | N/A |
| Number of applicants per place | – | N/A |

| | | Use in selection |
|-------------|-------------------------------------|---|
| Application | Predicted A levels/Scottish Highers | A level: ABB at A level including grade A in either Biology or Chemistry and grade B in the other. If taking linear A levels in England, you will also be required to pass the practical endorsement in all science subjects. ABB at Scottish Higher including grade A in either Biology or Chemistry and grade B in the other. Must be a combination of three Scottish Highers and two Scottish Advanced Highers. A Higher and Advanced Higher in the same subject would not be counted |
| | GCSEs/Scottish Nationals | Grade 6 (B) in both English language and Maths required. |
| | International Baccalaureate | 35 points including 6,5,5 at Higher Level with 6 in either Higher Level Biology or Higher Level Chemistry and 5 at Higher Level in the other. Grade 5 at Standard Level is required in both English language and Maths, if not offered at GCSE. Note the total point score of 35 includes TOK/EE. |
| | Personal statement | Personal statements are used as part of the interview shortlisting process. We are not able to consider applicants whose personal statements are not focused on Medicine. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | We would normally expect that you will have undertaken some work experience in a caring environment and/or observation in a clinical setting. If this is not possible, we look for evidence that you have worked in a setting where you can interact with the general public, e.g. in a pharmacy, check-out or restaurant. |

| | |
|------------------------|--|
| Widening participation | This programme has specific WP eligibility criteria. This can be subject to change and therefore please refer to the course page of our website for the most up-to-date requirements. See website for details. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [King's College London School of Medical Education](#).

Lancaster University Medical School

Medicine with a Gateway Year (A104)

6 Years

Open only to applicants that meet specific widening participation criteria.

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | - | - |
| Number of applicants per place | - | - |

| | | Use in selection |
|-------------|-------------------------------------|--|
| Application | Predicted A levels/Scottish Highers | ABB in three subjects taken at one sitting, after two years of study, including Biology and Chemistry. |
| | GCSEs/Scottish Nationals | GCSEs must include the following subjects at grade B/6: Core and Additional Science (or Biology, Chemistry, and Physics), English Language, and Mathematics. |
| | International Baccalaureate | 32 points overall with at least 655 in three Higher Level subjects including Biology and Chemistry and 5 in three Standard Level subjects. |
| | Personal statement | The personal statement is not used as a stand alone part of our selection process but may be used as part of the interview. |
| | Admissions test | BMAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | Applicants should be prepared to discuss their work experience at interview. Insight is more important than the specific work and voluntary experience undertaken. Placements in hospices, nursing and residential homes etc, where there is interaction with vulnerable people, is just as valuable as shadowing doctors. |

| | |
|------------------------|---|
| Widening participation | Lancaster Medical School run a range of activities, including a Summer School, to help widening participation students prepare to apply. See website for details. |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [Lancaster University Medical School](#).

University of Leeds Medical School
 Gateway Year to Medicine MBChB (A101)
 6 Years

Open only to applicants that meet specific widening participation criteria.

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 3 | N/A |
| Number of applicants per place | 6 | N/A |

| | | Use in selection |
|-------------|-------------------------------------|--|
| Application | Predicted A levels/Scottish Highers | BBC at A level including Chemistry or Biology at grade B. Physics or Maths must also be offered if Chemistry is not taken. Scottish Highers: BB at Advanced Higher including Biology or Chemistry, and BBBBC at Standard Level. Applicants with achieved or predicted Advanced Higher grades of AA, are not eligible for this course. |
| | GCSEs/Scottish Nationals | Six subjects at minimum grade 4 (C) including English Language, Maths, Double/Additional Science or Chemistry and Biology. |
| | International Baccalaureate | 29 overall including 5 at Higher Level in Chemistry or Biology. Applicants with predicted or achieved grades of 33 overall including 16 at Higher Level are not eligible for this course. |
| | Personal statement | Not formally scored, but it is essential that applicants take this opportunity to demonstrate their motivation and enthusiasm to study. |
| | Admissions test | BMAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | Experience in a healthcare setting, though this definition is broad. |

| | |
|------------------------|---|
| Widening participation | All applicants will be sent an online form to indicate their Widening Participation criteria once their UCAS application has been received. See website for details. |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Leeds Medical School](#).

University of Leicester Medical School

Medicine with a Foundation Year (A199)

6 years

Only open to applicants that meet specific widening participation criteria.

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 4.9 | N/A |
| Number of applicants per place | 16.1 | N/A |

| | | Use in selection |
|-------------|-------------------------------------|---|
| Application | Predicted A levels/Scottish Highers | <p>BBB including Chemistry or Biology and one other science from Chemistry, Biology Psychology or Physics and not including General Studies, Critical Thinking or Citizenship Studies.</p> <p>DDD in Extended National Diploma in Applied Science.</p> <p>BBB at Advanced Higher including Chemistry or Biology and one of Biology, Chemistry, Physics or Psychology.</p> |
| | GCSEs/Scottish Nationals | <p>GCSE grade 5 (C) in English Language, Maths and two sciences, including Chemistry, or Double Science.</p> <p>Scottish Nationals grade C in English Language, Maths, and two sciences, including Chemistry.</p> |
| | International Baccalaureate | 30 points overall, including three Higher Level subjects at 5,5,5 or 6,5,4 (including Chemistry and Biology), and three Standard Level subjects. |
| | Personal statement | Not routinely read or scored except in a tie-breaker situation. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | Healthcare-related work experience is not required but applicants, particularly those who are borderline, must showcase reflection in whatever type of work they have encountered (voluntary, paid work in retail, catering, health or social care). |

| | |
|------------------------|--|
| Widening participation | There are a number of widening participation criteria that must be met to be eligible for this programme. See website for details. |
|------------------------|--|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Leicester Medical School](#).

Lincoln Medical School
BMBS Medicine with a Foundation Year

Only open to UK applicants that meet specific widening participation criteria.

University of Nottingham Lincoln Pathway (A18L) 6 years

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 1.5 | N/A |
| Number of applicants per place | 11 | N/A |

| | | Use in selection |
|-------------|-------------------------------------|--|
| Application | Predicted A levels/Scottish Highers | A level: BBC: must include Biology (or Human Biology) and Chemistry. A pass is required in science practical tests, where these are assessed separately. BB in Biology and Chemistry at Advanced Highers, and BBBBB achieved at Highers, including biology and chemistry, Maths and English language |
| | GCSEs/Scottish Nationals | Five GCSEs at Grade 6 (B). You must study biology, chemistry and physics as either individual subjects, triple science or double science. You must also study English language and Maths. |
| | International Baccalaureate | 28 (5, 5, 5 at Higher Level including Biology and Chemistry, excluding core component) GCSEs as above (or equivalent). We will accept either of the maths qualifications for the IB at standard level (SL) or higher level (HL). |
| | Personal statement | We read but do not score the personal statement. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | We ask students to demonstrate their participation in work experience and volunteering to be eligible to apply. |

| | |
|------------------------|---|

|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | – | N/A |
| Number of applicants per place | – | N/A |

| | | Use in selection |
|-------------|---|--|
| Application | Degree qualifications (for graduate applicants) | This programme is designed for mature students who have typically been out of formal education for some time or who have taken non-traditional qualifications. If any applicant does offer a degree we would expect a minimum of 2.1 honours degree. |
| | A levels/Scottish Highers | This programme is designed for mature students who have typically been out of formal education for some time or who have taken non-traditional qualifications. Please note that we will not consider A level students or school leavers. However, consideration may be given to candidates who studied some time ago. |
| | GCSEs/Scottish Nationals | Five GCSE subjects at grade 6 (B) including Maths, English Language and either Biology, Chemistry or Physics, Core and additional Science or Dual Science Award. |
| | International Baccalaureate | Applicants currently studying for International Baccalaureate will not be considered. |
| | Personal statement | Part of the decision making process for offering an interview. |
| | Admissions test | None |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Semi-structured panel interviews |
| | Work experience | No specific work experience is stated but applicants must be able to demonstrate our non-academic criteria which will be assessed at interview. |

| | |
|------------------------|---|
| Widening participation | The programme is designed for individuals who have been out of formal education for some time and who wish to take up further academic study. The minimum entry criteria is five GCSEs at B grade. Please note that the deadline for application is 15 January. |
|------------------------|---|

To confirm this information, see details on the course’s entry requirements, and learn more about the course itself, see its webpage: [University of Liverpool School of Medicine](http://www.liverpool.ac.uk/schoolofmedicine/undergraduate/entry-requirements/).

University of Nottingham
 BMedSci and BMBS Medicine with a Foundation Year
 (A108) 6 years

Only open to UK applicants that meet specific widening participation criteria.

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 1.6 | N/A |
| Number of applicants per place | 7.5 | N/A |

| | | Use in selection |
|-------------|-------------------------------------|---|
| Application | Predicted A levels/Scottish Highers | BBC at A level including B grades in Chemistry and Biology (or human biology), with a pass in practical assessments. Excluded subjects are general studies, critical thinking, global perspectives and citizenship studies. BB in Biology and Chemistry at Advanced Highers, and BBBB achieved at Highers, including biology and chemistry, Maths and English language |
| | GCSEs/Scottish Nationals | At least five GCSEs at grade 6 (B), to include Biology, Chemistry, and Physics (or science double or triple award); English Language and Maths. Applied science is not accepted. At least 5 grades in Scottish National 5 qualifications including the sciences, Maths and English language. |
| | International Baccalaureate | 28 points overall excluding core component with 5,5,5 at Higher Level including Biology and Chemistry. English language is required at either Standard Level (grade 6) or Higher Level (grade 5). |
| | Personal statement | We do not score the personal statement but it will be assessed alongside the School reference after interview and before offers are made. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|---|
| Interview | Interview method | Multiple mini-interviews |
| | Work experience | Work experience is reviewed after interview and before offers are made. Applicants should have ongoing voluntary experience in a caring setting and should try to get some NHS work experience or talk to a doctor about what a career in medicine would be like. Valuable experience can be gained from paid or unpaid jobs that involve working with people. |

University of Southampton Faculty of Medicine
 BMBS, BMedSc (BM6) Medicine with Year 0 (A102)
 6 years

Only open to applicants that meet specific widening participation criteria.

| | Home/European Economic Area | International |
|------------------------------------|-----------------------------|---------------|
| Number of applicants per interview | 3 | N/A |
| Number of applicants per place | 18 | N/A |

| | | Use in selection |
|-------------|-------------------------------------|--|
| Application | Predicted A levels/Scottish Highers | All applicants must have a minimum of BBB, including Biology and one additional science (with a pass in the practical element where it is separately endorsed). Acceptable additional science subjects are Chemistry, Physics, Psychology, Sociology, Environmental Studies or Geography. |
| | GCSEs/Scottish Nationals | A minimum of five GCSEs at grades C (grade 4) or above, including English language, Mathematics, and either Biology and Chemistry, Additional Science and Science, or Combined Science (or an equivalent standard in other qualifications approved by the University). |
| | International Baccalaureate | 30 points, with 5,5,5 at Higher Level in three subjects, to include Biology and an additional science subject. Acceptable additional science subjects are Chemistry, Physics, Psychology, Sociology, Environmental Studies or Geography. |
| | Personal statement | Applicants are asked to answer further questions as part of the selection process (see website for details). Answers are scored with the highest scoring candidates being invited to attend a selection day. Selectors use the personal statement to inform interview questions related to the non-academic criteria if the applicant is invited to attend a Selection Day. |
| | Admissions test | UCAT |

| | | |
|-----------|------------------|--|
| Interview | Interview method | Selection day |
| | Work experience | Completion of formal work experience or volunteering is not required. However, applicants are expected to demonstrate what they have learned from their life experiences (this may include work experience, paid employment and personal experiences both in and outside health and social care settings). |

| | |
|------------------------|---|
| Widening participation | You must satisfy three of the eligibility criteria in order to be eligible for the BM6 programme, and you will be expected to provide documentary proof. See website for details. |
|------------------------|---|

To confirm this information, see details on the course's entry requirements, and learn more about the course itself, see its webpage: [University of Southampton Faculty of Medicine](#).

Only open to applicants that meet specific widening participation criteria.

| | Home/European Economic Area | International |
